QUESTIONS..... 3

QUESTIONS

I am wondering if you are able to provide me with the tender results with prices for the last time these Services were out for tender?

As the competition for these Services is based on rates and, in accordance with the provincial practice for rate-based awards, we do not disclose these types of individual rates.

We will, however, provide information on the average annual spend under this contract over both the last 3 year period (the term of the previous contract) and the last 5 years. As many Bidders will be aware, we had some challenging weather over the last few years which has had an impact on the average.

Please note also that we have made changes to Services for this competition, including the introduction of Priority 1 and Priority 2 roads, which may impact the actual spend during the next term. The spend information is therefore provided as reference only.

Last 3 years' average annual spend is \$308,195.45, exclusive of HST

Last 5 years' average annual spend is \$262,356.18, exclusive of HST
