1. QUESTION.....	3
------------------	---

1. QUESTION

The following question was received:

“Art 40 of the sample agreement included as part of the above-mentioned RFP, asks that the proponent provide \$3,000,000 insurance coverage and that the aggregate shall be double the required per claim limit which I believe means the aggregate is \$6,000,000. Will the municipality consider lowering this requirement to \$5,000,000 or less?”

While we don't like to alter our insurance requirements, we consider this request reasonable given the nature of the work to be completed. The clause you mention is therefore updated to read:

“The Consultant shall take out and keep in force errors and omissions insurance in the amount of \$3,000,000.00 providing coverage for acts, errors and omissions arising from their services performed under this agreement. The policy SIR/deductible shall not exceed \$100,000 per claim and if the policy has an aggregate limit, the amount of the aggregate limit shall be \$3,000,000. The policy shall be underwritten by an insurer licensed to conduct business in the Province of Nova Scotia and acceptable to East Hants. The policy shall be renewed for **3 years** after contract termination. A certificate of insurance evidencing renewal is to be provided each and every year. If the policy is to be cancelled or non-renewed for any reason, 90-day notice of said cancellation or non-renewal must be provided to East Hants. East Hants has the right to request that an Extended Reporting Endorsement be purchased by the Consultant at the Consultant's sole expense.”

END OF ADDENDUM
