1. QUESTIONS ..... 3

## 1. QUESTIONS

Clause in 1.10.4. considers negotiating the costs for salt and grit after year three. Would you consider amending it to read negotiating after year 2 if required?

Yes. The prices included in the RFQ response for salt and grit would be considered firm for Year 1 and Year 2. If the supplier can demonstrate that they have experienced an increase in costs relative to the estimates they made for Year 3 and beyond, East Hants will negotiate the price on these ice control products with the intent that the increase in Rate will be in proportion to the increase in costs.

Can you please confirm the “Hostile Fire” item in the insurance information is considered the same as Forest Fire Expenses coverage for RFP50583 - Snow & Ice Control, Roads?

I have confirmed they are unrelated. Reference to hostile fire, if any, in a CGL policy pertains to the pollution exclusion. Forest fire fighting expense is a coverage that can be added to a CGL policy and is not required for this contract.

END OF ADDENDUM
