1. CLARIFICATIONS & ADDITIONAL INFORMATION	3
--	---

1. CLARIFICATIONS & ADDITIONAL INFORMATION

- 1.1. The Quotation Deadline was incorrectly listed on the front cover of the original RFQ release as being 3:00:00 PM. The correct time was listed in Section 1.3.1 of the document and is 2:00:00 PM.
- 1.2. This addendum includes a drawing (separate PDF) of the new Wastewater Treatment Plant in Shubie. This is the planned road layout for reference purposes; the actual layout may vary from this when the plant opens next year, but is provided to give potential bidders a sense of the work that may be required.
- 1.3. Lantz lagoon is not staffed regularly so access is limited. To clarify the need for this location, we are providing the sketch below to outline the requirement. Essentially, the entire driveway from the end of Palley Road needs to be cleared. Inside the gate, the areas around the building will need to be cleared: there is an entry on the left of the building that needs to be cleared and the area on the right is cleared for trucks turning. The entire driveway to the second lagoon cell needs to be cleared. In short, everything in the sketch below in red, subject to the actual limits of the driveway and surfaces, must be cleared.
