

### ADDENDUM 1

Released: January 29, 2025

### QUESTIONS

We are looking to bid on the aforementioned job, and want to clarify if the existing vegetation can be mulched rather than chipped and spread over the site?

In the Deliverables section it states,

*"It is anticipated that the majority of the existing vegetation will be chipped and spread over the site."*

Our intention is to bid the job to mulch the entire site with an excavator, and hand cut and haul away minimal debris if required.

Agreed. The intent was to have the material mulched as described, though we are open to different ways to approach the work provided large debris which cannot be mulched (or chipped) is removed from site and disposed a location acceptable to East Hants.
