2:00:00 pm local Nova Scotia time on March 12, 2025

Contact: Michael Hatfield
Procurement Officer
Municipality of East Hants
Telephone: 902 883-6232
Email: procurement@easthants.ca

EAST HANTS
We live it!

1.1 QUESTIONS

You specifically call out Project Manager certification requirements for CTS-D. Is this a required certification for a submission to be considered or will you accept submissions without that designation?

Appendix D, Section C, in particular C.5 and C.6 refer to the CTS-D designation. The intent of the language was to ensure that the project team have sufficient training to implement the project, leveraging the CTS-D designation. This was not mean to exclude any suppliers.

While our preference is for there to be members of the implementation team with the CTS-D designation, East Hants will accept proposals in which the proponent can demonstrate a commitment to training and indicate the qualifications that their implementation team have. Include this information in your proposal and East Hants will evaluate it as part of the D.3 evaluation criterion.

1.2 REMINDER

As stated in Appendix D, section D, should a Contractor wish to respond using more than one manufacturer's Equipment, they may submit multiple proposals. Each alternate proposal must be complete and each proposal will be evaluated on its own merits.

1.3 ADDITION INFORMATION

East Hants are working off the assumption that no new wires will be required and the wiring is currently all CAT-6. East Hants do have some as-built drawings showing the underfloor construction which it can release if requested, but the wiring shown pre-dates the existing wiring put in place for the Shure system.
