QUESTIONS

East Hants have had a question with respect to the form of bid security required in this competition. Currently, the requirement is for a digital e-bond. The request has been made to consider other forms of surety, including bank draft.

After careful consideration of the request, we will permit the tender security to be provided in the form of an e-bond, letter of credit, or bank draft in the amount of 10% of the total bid price.

The contract surety language already allows for the contract to be secured with an irrevocable letter of credit, so that language will remain in place.

As this change comes late in the process, the closing date will be extended to **January 15, 2026 at 2:00pm local Nova Scotia time.**

The period for questions will be extended to **January 5, 2026 at 11:00am local Nova Scotia time.**

East Hants staff will not be monitoring for questions between 12:00pm on December 24, 2025 and January 5, 2026; questions, if any, will be addressed as soon as practical once staff are back in the office on January 5, 2026.

Bidders who have already submitted their response are welcome to withdraw it but Addendum 1 will not need to be acknowledged on the bid form, so bidders may leave their existing bid in place. **However, if subsequent addenda are issued, existing bids will have to be withdrawn and resubmitted to acknowledge those addenda.**
