This one has the attachment. Power was flicking on and off and then went out. One incoming mail became 14 e-mails. Mess straightened out now, I hope.

Hi Jackie,

The attached is the easement "note" . It seems so brief. It covers the intent but if not enough, please let me know. I also need to know to whom I should sent this at the Municipal office or can it be forwarded from you.?

Just let me know and I will do what is necessary.
