

TIDAL BORE SCHEDULE 2023

How to read this schedule:

The first column on the left is the date (5/1/2023 = May 1, 2023). The remaining columns are tidal bore times for **two locations**: Dawson Dowell Park (Maitland) and the Fundy Tidal Interpretive Centre (South Maitland). These times are estimates, and the tidal bore can often be slightly earlier or later than predicted. We recommend arriving at least 15 minutes early – you’re running on nature’s timing!

Did you know you can watch the tidal bore twice in one hour? If you start at Dawson Dowell Park in Maitland, you can watch the tidal bore from a public wharf as it meets the mouth of the Shubenacadie River. 50 minutes later, the tidal bore will reach the Fundy Tidal Interpretive Centre in South Maitland; only a 15-minute drive from your first location. Questions? Contact our team at fundytidal@easthants.ca for help planning your visit.
