INTRODUCTION

The Municipality of East Hants was established on April 1, 1879. It occupies the eastern half of Hants County from the Minas Basin to the boundary of Halifax Regional Municipality.

East Hants is a combined rural/urban Municipality adjacent to the Municipalities of Colchester, Halifax Regional Municipality and West Hants.

The 2016 Census shows that East Hants has a total population of approximately 23,542 in 10,312 private dwellings (including Indian Brook). It is a well-educated population with 79% having achieved high school education and beyond; 25% of the population has achieved apprenticeship or trade certificates or diplomas; 25% of the population has achieved apprenticeship or trade certificates or diplomas; 25% of the population has achieved university certificate, diploma or degree at bachelor level or above. With regards to employment and in accordance with the National Occupational Classification (NOC) 2016; 23% of the East Hants labour force work in trades, transport and equipment operators and related occupations of which 94% of workers are men, and; 22% of the East Hants labour force work in sales and service occupations of which 65% of workers are women. East Hants is recognized as a bedroom community of the Halifax area: 54% of our labour force of 11,325 commutes to work outside of East Hants. The median earnings for East Hants full-year full-time workers are \$50,473 slightly above the provincial average of \$47,655. Two primary industries in East Hants are farming and forestry, with farming being the most prominent. There are 144 farms operating within the Municipality, with a total farm capital of \$172,407,960 (includes total value and cost of land, buildings and equipment in East Hants); the majority of these being dairy farms. Finally, East Hants has a highly mobile population. From 2011 to 2016, 27% of the population moved their place of residence, of those 175 people moved to East Hants from outside of Canada.

The housing market in East Hants has changed, the market for single-detached homes has decreased while there has been an increase in the number of multi-family homes being constructed. In 2012, there were 103 building permits issued for single-detached homes and 19 apartment units were constructed. In 2016 that number changed to 58 building permits being issued for single-detached homes and 59 apartment units were planned. The total value of construction in East Hants for 2016 was \$34,335,062. (Statistics Canada, 2016)

According to the 2019 Property Valuation Services Corporation (PVSC), East Hants has 10,187 households (2018: 10,121) on an area of 466,426 acres or 1,909 square kilometers. The majority of this population is concentrated along two key transportation routes running from Halifax to Truro (Highway 102 & Highway 2) and from Halifax to Windsor (Highway 101 & Highway 1).

East Hants has 36,942 acres (2018: 36,842) of tax-exempt farmland and 90,911 acres (2018: 90,911) of exempt provincial forest property. This tax-exempt property constitutes 27.4% (2018: 27.4%) of the total area. In addition, there are 57,101 acres (2018: 56,157) of exempt commercial forest property and 172,065 acres (2018: 172,151) of resource forest property, which is taxed marginally at 41 and 26 cents per acre, respectively. The total exempt and marginally taxed land constitute 76.6% (2018: 76.4%) of the total area of East Hants.

Dwelling Unit Comparison (#)	2018 (#)	2018 (%)	2019 (#)	2019 (%)
Serviced Districts of Enfield (1), Elmsdale (2), Lantz (7)	3,143	31%	3,180	31%
Districts of Milford (3) and Shubenacadie (4)	1,579	16%	1,585	16%
District Enfield/Grand Lake (10)	854	8%	873	9 %
Districts of Maitland/MacPhees Corner (5), Walton/Noel/Kennetcook (6), Rawdon/Gore (11)	2,772	27%	2,776	27%
Districts of Mount Uniacke (8 & 9)	1,773	18%	1,773	17%
Total Dwelling Units	10,121	100%	10,187	100%

The distribution of homes is not proportional across the Municipality. In 2019 they are distributed as follows:

The 2019 assessment roll shows an increase of 66 dwelling units from the prior year (2018: 143). Significant increases include the following:

- 37 units were added to the three communities of Enfield (1), Elmsdale and Lantz,
- 6 units were added to the communities of Milford and Shubenacadie
- 19 units were added to Enfield (10), Grand Lake
- 2 units were added to the communities of Rawdon and Gore,
- 2 units were added to the communities of Maitland, Walton, Noel and Kennetcook

East Hants residential construction remains relatively strong. In the calendar year 2018, 104 permits were issued for (2017: 110) residential units (including new construction and renovations). Homes also continue to change hands at a steady pace. Information from PVSC showed that in 2018, approximately 386 homes (2017: 397) changed hands, 59% were in the corridor districts from Enfield to Shubenacadie, 24% of which were in the rural districts, and 17% were in the two Mt. Uniacke districts.

East Hants continues to focus on increasing commercial development to improve the long term sustainability of our community's fiscal health and the amenities available to our residential population. The Municipal Strategic Plan, the 15 year Economic Development Plan, a Parks, Open Space Active and Transportation Master Plan, a Recreation Master Plan and the Tourism Strategy are all key documents that will guide Council to help us capitalize on our proximity to Highway 102 and the airport, access to mainline rail service, the abundant natural resources within our borders and the stunning Glooscap Trail, which features coastline access to the world's highest tides.

Despite our efforts and the steady increase in residential development in East Hants, Commercial assessment growth remains a challenge. For the 2018 and 2019 assessment rolls, there were no new commercial accounts, although there was development on existing vacant commercial land. Total commercial assessments increased by 1.61% in 2019 (2018: increase of 2.98%), net of commercial exempt properties.

The average residential assessment based on CAP is \$157,103 (2018: \$152,844). Residential assessments account for 90% (2018: 90%) of all taxable assessments, net of exempt properties. The Municipality strives to change this ratio through an increase in commercial assessment, in an attempt to reduce the overall residential tax burden for homeowners.

PAGE 2

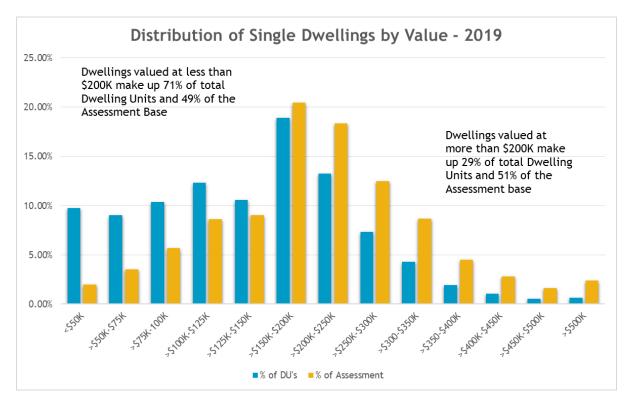

There is significant variation in the average residential value of homes across the districts of East Hants:

District #	District Name	2018 Average Residential Assessment (capped)*	2019 Average Residential Assessment (capped)*
1	Enfield	\$172,265	\$173,265
2	Elmsdale/Belnan	\$192,298	\$198,522
3	Milford/Nine Mile River	\$152,175	\$157,282
4	Shubenacadie	\$117,412	\$119,232
5	Maitland/MacPhees Corner	\$95,866	\$98,314
6	Walton/Noel/Kennetcook	\$76,104	\$79,386
7	Lantz/Milford	\$166,094	\$169,395
8	Mount Uniacke	\$181,653	\$189,110
9	South/East Uniacke	\$172,790	\$178,252
10	Enfield/Grand Lake	\$230,849	\$235,983
11	Rawdon/Gore	\$113,299	\$116,935

* Average = Capped residential assessment / # of dwelling units, as per the PVSC assessment roll.

The following chart demonstrates the wide variation in residential assessments across the municipality based on data from 2019:

	2019 Assessed Value/Number of Single Dwelling Units (DU's)									
District	<\$50K	<\$100K	<\$150K	<\$200K	<\$250K	<\$300K	<\$350K	>\$350K

% of Assessment	2.0%	9.2%	17.6%	20.4%	18.3%	12.5%	8.7%	11.3%		

The following chart shows 71% of homes in East Hants are valued at less than \$200,000 and these homes represent 49% of the residential assessment based on data from 2019 roll:

GOVERNANCE & THE BUDGET PROCESS

East Hants is governed by a Council of 11 Councilors and operates under the Council/Chief Administrative Officer (CAO) system. There is one Councilor elected for each of the 11 electoral districts. As outlined in the Nova Scotia Municipal Government Act; it is the responsibility of the CAO to provide advice to Council and to administer the operations of the Municipality in accordance with the policies and programs approved by Council.

The fiscal year of the Municipality is April 1 - March 31. The annual budgeting process is preceded by a detailed business planning process that identifies priority initiatives for the upcoming fiscal year, based on the strategic directions previously established by Council. The Municipal operating budget is prepared for the upcoming year, the Water Utility operating budget is prepared for the upcoming three years, and the capital budget is prepared for the upcoming five years.

Municipalities in Nova Scotia are not permitted to accumulate deficits. With the exception of a few circumstances, municipal debt is permitted only for the acquisition of capital assets, which East Hants defines as acquisitions of tangible capital assets greater than \$10,000 with an estimated useful life in excess of one year. Fiscal responsibility within the Municipality is enhanced through the establishment of various reserves intended to set funds aside on an annual basis for specific operating and capital expenditures in future years.

Costs are established for the various programs and initiatives and are reflected in the operating and capital budgets (net of cost recovery from other sources). Tax rates are calculated to generate the revenue required to fund the various programs and services. These rates are also influenced by the annual assessment levels for properties in the Municipality, as established annually through the Assessment Roll generated by the Nova Scotia Property Services Valuation Corporation (PVSC).

ASSESSMENT CHANGES 2018 TO 2019

Assessments are prepared based on a calendar year. The following tables present an overview of assessment changes from 2018 to 2019.

(\$) Change in Assessments

	Residential	Resource	(Commercial	Total
2019 Assessments	\$ 1,600,404,800	\$ 52,096,900	\$	145,262,300	\$ 1,797,764,000
Less: Bylaw F-400 Exempt Properties	(533,700)	(333,700)		(29,119,100)	(29,986,500)

Increase in taxable assessments due to new properties	\$ 8,291,500	\$ 319,100	\$	-	\$ 8,610,600
Net increase in taxable assessments of existing properties	45,047,000	2,460,700		1,838,200	49,345,900
Increase in Taxable Assessments from 2018 to 2019	\$ 53,338,500	\$ 2,779,800	\$	1,838,200	\$ 57,956,500
Percentage of Assessment Increase, Net of Bylaw Exemptions	3.45%	5.67%		1.61%	3.39%

ASSESSMENT INDICATORS

The Provincial Valuation Services Corporation (PVSC) has provided MEH with the following indicators to aid in analyzing what is driving the changes in assessed values. Although limited to the coding available in the PVSC system, the data below is a good indicator (i.e. does not balance to the property roll) of the assessment activity in East Hants driving the changes to the 2019 filed property roll.

Districts	v Construction / iilding Permits	N	lew Lots / New Accounts			CA	w Ineligible P Accounts rom Sales	Total
1 Enfield	\$ 2,753,700	\$	683,500	\$	625,600	\$	549,100	\$ 4,611,900
2 Elmsdale/Belnan	\$ 5,517,900	\$	478,900	\$	794,800	\$	621,800	\$ 7,413,400
3 Milford/Nine Mile River	\$ 3,391,600	\$	(1,000)	\$	881,400	\$	831,800	\$ 5,103,800
4 Shubenacadie	\$ 202,700	\$	70,200	\$	100	\$	345,700	\$ 618,700

Indicator Total %	62%		12%		12%		14%	

HOW TAXATION WORKS

The taxation system in East Hants is essentially based on a "user pay" philosophy. Separate general tax rates are established annually for residential, resource, and commercial properties. These rates are charged per \$100 of assessment. As an exception, waste, organics, and recycling costs are recovered to a large extent on the basis of a fee per dwelling unit. This is more equitable than being charged on the basis of a rate per \$100 of assessment, given that all homes receive the same service.

The Municipality charges area rates per \$100 of assessment in areas that receive differential services, such as sidewalks, streetlights, hydrants, fire service, and wastewater. Due to continued residential growth in East Hants, there is ongoing pressure to expand urban-type services, including sewer and water. Municipal policy assigns the costs of new infrastructure to developers, to ensure that the capital cost of new development infrastructure is not borne by taxpayers who do not receive the benefit of new services.

Water service in East Hants is provided through a consolidated Water Utility, regulated by the Nova Scotia Utility and Review Board (UARB). Water customers are billed quarterly for the water they consume, as well as a contribution toward wastewater management costs.

ASSESSMENT VALUES** 2019/2020

** Exempt properties are included in this table, as the forgone tax revenue is charged as an expense in the budget.

Assessment Split:	RESIDENTIAL/RESOURCE	92 %
	COMMERCIAL	8%
		100%

There are 10,187 dwelling units in 2019 compared to 10,121 in 2018, an increase of 66 units.

The assessment CAP is 2.9% for 2019/2020

In 2008 the capping of assessments resulted in the loss of taxable assessment of approximately \$80 million. In 2009 the capping of assessments resulted in the loss of taxable assessment of approximately \$120 million. In 2010 the capping of assessments resulted in the loss of taxable assessment of approximately \$180 million. In 2011 the capping of assessments resulted in the loss of taxable assessment of approximately \$186 million. In 2012 the capping of assessments resulted in the loss of taxable assessment of approximately \$152 million. In 2013 the capping of assessments resulted in the loss of taxable assessment of approximately \$152 million. In 2013 the capping of assessments resulted in the loss of taxable assessment of approximately \$237 million. In 2014 the capping of assessments resulted in the loss of taxable assessment of approximately \$245 million. In 2015 the capping of assessments resulted in the loss of taxable assessment of approximately \$223 million. In 2016 the capping of assessments resulted in the loss of taxable assessment of approximately \$223 million. In 2016 the capping of assessments resulted in the loss of taxable assessment of approximately \$223 million. In 2017 the capping of assessments resulted in the loss of taxable assessment of approximately \$201 million. In 2018 the capping of assessments resulted in the loss of taxable assessment of approximately \$203 million. In 2018 the capping of assessments resulted in the loss of taxable assessment of approximately \$203 million. In 2018 the capping of assessments resulted in the loss of taxable assessment of approximately \$203 million. In 2018 the capping of assessments resulted in the loss of taxable assessment of approximately \$203 million. In 2018 the capping of assessments resulted in the loss of taxable assessment of approximately \$191 million. In 2019 the capping of assessments resulted in the loss of taxable assessment of approximately \$165 million.

Based on the 2018 general tax rate, this would have generated an additional \$1.4M in revenue for 2019.

In 2019, 6,941 of 11,375 (2018 - 7,803 of 11,300) residential accounts are capped to some degree (61%).

URBAN SERVICE RATES

The Urban Service Rate (USR) captures revenue and expenses for the entire corridor district, both fully and partially serviced areas. Services include streetlights, sidewalks, wastewater services and hydrants. The draft budget for 2019/2020 reflects a decrease of $0.8 \not\in$ in the residential serviced rates and $1 \not\in$ in the commercial serviced rates. An adjustment has also been made for the wastewater management fee (see below).

There are customers outside of the urban serviced area that are charged nominal rates for streetlight and sidewalk services. The budget for 2019/2020 was prepared with no changes to the rates:

- All residents in the Milford and Shubenacadie sidewalk and streetlight areas will be charged 4¢, the same as 2018/2019.
- All residents in the corridor who pay for Sidewalks only will pay 2¢, the same as 2018/2019.

In 2019, 40% of the Deed Transfer Tax (DTT) revenue collected by the Municipality of East Hants, to a maximum of \$400,000 which is budgeted, is to be granted to the USR.

WASTEWATER MANAGEMENT FEE

In order to ensure equity in recovering wastewater processing costs, a charge for Wastewater Management was implemented in 2010/2011. The Wastewater Management Fee (WMF) is charged on the water bills of USR customers in Shubenacadie, Elmsdale, Enfield and Lantz who are customers of the East Hants Water Utility. Customers are charged based on the total volume of water consumed. As USR customers in Milford do not have water bills they do not pay the WMF - they continue to pay the USR with an equivalent charge on assessment for wastewater services.

In 2019, an additional \$1.00 has been added to the WMF - the charge will be \$9.00 per 1,000 gallons of water consumed (2018: \$8.00) or \$2.00 per cubic meter (2018: \$1.80). To offset the increase in the WMF, the USR will decrease by 1.2 cents for residential accounts and 4 cents for commercial accounts, who also have a water account.

OPERATING EXPENSES

The wastewater system is a large part of the operating costs for the calculation of the Urban Service Rate. These systems receive 56% of what is known as "All Systems" expenses; the other 44% is charged to the Water Utilities. All other general operating costs are directly attributable to the consolidated wastewater system.

Fire protection costs are paid by the USR to the Water Utility. These rates are determined through the water utility rate setting process and are regulated by the Utility and Review Board. The 2017 water rate review approved the fire protection costs at \$543,345 (2018 Budget: \$530,474).

DEBT CHARGES

In 2019 there are no proposed new debt charges affecting the Urban Service Rate calculation. The budget includes a proposed transfer of \$130,000 to continue with Council's approved plan to fund a Sidewalk Balloon Payment Fund in reserves. In 2019, \$60,400 of principal and interest savings from debt previously paid for in full are also transferred to this fund. This will allow the USR to pay all sidewalk balloon payments over the next six years.

Council's approved plan to set aside funding to pay for lift station upgrades over a number of years has an associated \$104,000 worth of transfers to reserve in this budget. This amount is unchanged from 2018/2019 when the fund was established.

Fire Department Revenue & Expenses

The grants to organizations represent contributions to small fire departments as Operating Grants. The levies collected by the Municipality are transferred to the various municipal fire departments (net of communication project costs) and recognized as a Fire Protection Expense.

Council transfers \$12,829 for the Emergency Fire Grant Reserve and \$3,000 for self-insuring the TMR2 radios for 2019/2020.

Provincially Assigned Expenses

These are expenditures of the Municipality which are either set by the Provincial Government every year or are defined by inter-governmental service exchange agreements. They are as follows:

Low Income Housing

By agreement, the Municipality is obligated to pay a certain percentage of the deficits of provincial housing units, including seniors units and low-income residential units. The operation of these units is administered by the local Housing Authority.

Education

Under the terms of a provincial Memorandum of Understanding (MOU), the Province charges a mandatory education tax rate each year, based on the total uniform assessment of each Municipality, thereby establishing the minimum property taxpayer contribution to the local School Board. The last revision of the Memorandum of Understanding between the NSFM and the Province had fixed the contribution rates at the 2010/2011 levels. The percentage of the overall uniform assessment is not known at budget time; the budget for 2019/2020 has been prepared with an overall increase of 2.8% for education costs.

Libraries

The Province, by established formulae, sets the amount to be contributed toward the operations of the Regional Library in Truro. East Hants has two local libraries, Elmsdale and Mount Uniacke. The Municipality bears the facility costs (represented in the CAO Office budget) and the Province absorbs the cost of library operations.

Policing

A Federal/Provincial agreement fixes the cost per officer paid by the Municipality. The Municipality controls the addition of new officers to the local force. Approximately 10 officers have been added since this responsibility was taken over in 1995. This is currently one of the largest expenditures for the Municipality. Currently, 23 full-time-equivalent officers patrol East Hants from the Enfield detachment, the Mount Uniacke community policing office and the RCMP office in Rawdon. The Mount Uniacke and Rawdon locations are owned by the Municipality and are leased to the RCMP who then operate the detachments.

The total cost per officer is approximately \$159,737 (2018: \$158,148), including shared services. This represents a 1.5% increase for 2019/2020. The proposed budget includes a total of \$29,326 for the cost of DNA services and an expense for prosecution services related to traffic tickets.

Corrections

As is the case with Education costs, the Province fixed the rates for correction services at the 2010/2011 levels.

Fiscal Services

This expense includes debt servicing costs and other service fees, excluding interest charges which are related to departmental acquisitions of tangible capital assets (these are reflected in the related departmental budgets).

At this time East Hants carries general capital debt. This is primarily related to solid waste projects, a number of road paving projects, sidewalk & other local improvements, LED streetlights, the Sportsplex, debt on the Lloyd E. Matheson Centre, construction of the East Hants Aquatic Centre and for work in the business parks.

Following the direction received from Council in 2016, the 2019 budget includes a proposed transfer of \$127,192 to contribute to a Solid Waste Balloon Payment Fund in reserves. Setting this money aside, along with reinvesting debt charges as they are freed up (from paid off debt), will allow the Municipality to pay future Waste related balloon payments between now and 2023/2024.
