Subject: Radio Broadcasts on East Hants

Greetings to the Warden, Council and CAO of East Hants

Between 1997 and 2021, I have been on the Amherst council for 16 years. Over the last 4 years I have had a radio show called This Is When on our community radio CFTA 107.9. This is When has broadcast close to 900 shows on maritime tales and history, weekdays at 9 am and 4 pm.

This summer I wish to do a series of broadcasts highlighting each of our 50 municipalities. Please connect me with either a council member or a staff member who can send me 2 or 3 local stories. For example, here in Amherst it could be the story of Esther Cox; local family owned industries in the early 1900s, the Saxby Gale of 1869. In Cumberland, the stories could be Springhill mine disasters, Angus Seaman the grindstone king, Eddy Rebellion, Acadian expulsion.

Each municipality will have it's own tales and I wish to highlight a few. Thank you for considering my request.

Councillor Dale Fawthrop
