

Shaw Brick Road Naming

Planning Advisory Committee
September 21, 2021

Planning & Development Department

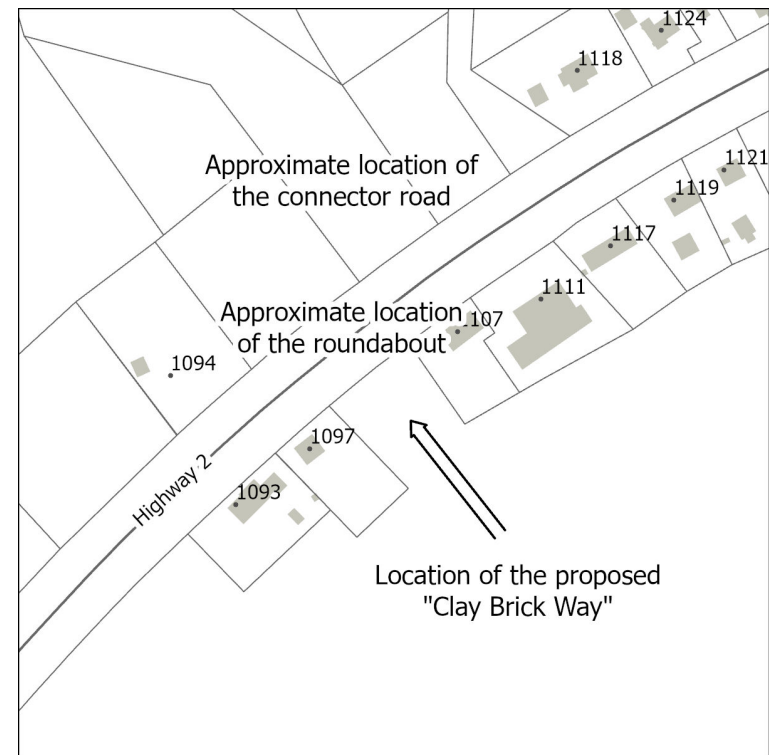

EAST HANTS

Background

- The Nova Scotia Department of Public works is taking over a portion of the entrance to the Shaw Brick plant as part of a new roundabout project off of Highway 2, Lantz to be completed in November, 2021.
- The new provincial road requires naming, subject to the petition process outlined in the Civic Addressing Bylaw (P-100-1) and the Nova Scotia Department of Public Works road naming procedure.

Summary

- Staff have petitioned the three property owners adjacent to the new provincial road for a road name, and both have voted in favour of *Clay Brick Way*.
- The Civic Addressing Coordinator has reviewed the proposed name and has confirmed that it meets the Public Street and Private Road Naming Guidelines in the Civic Addressing Bylaw, and that it is not an existing name in the immediate surrounding area, nor the municipality as a whole.
- The next step is for Municipal Council to approve the name and request that Nova Scotia Public Works approve and implement the name.

Recommendation

That Planning Advisory Committee recommend that Council approve the proposed provincial road name *Clay Brick Way* for the entrance of the Shaw Brick plant off of Highway 2, Lantz and direct staff to request road name approval and implementation from the Nova Scotia Department of Public Works.

Recommended Motion

Planning Advisory Committee recommends that Council:

- *approve the proposed provincial road name Clay Brick Way for the entrance of the Shaw Brick plant off of Highway 2, Lantz and direct staff to request road name approval and implementation from the Nova Scotia Department of Public Works.*
