Subject: Kali Lane (Nova Road), Elmsdale, Hants County

Good Morning Amy,

The land owner who originally requested the property formerly known as Nova Road has brought additional information to our attention. A further review of our records found that we had an agreement with the land owner to revert the land back to them when Kali Lane was established. This historical agreement was missed and never acted upon. We have a legal obligation to correct this and convey the lands back to Nova Trucking Ltd.

Unfortunately, this means that the property cannot be conveyed to the Municipality.

Should you have any questions, please let me know.
