Dear Minister:

The Uniacke Volunteer Fire Department (UVFD) is committed to seeing the revitalization of their outdoor rink.

The UVFD submitted a request to the Municipality of \$37,325 as the 25% funding contribution to the Canada Community Revitalization Fund. The Uniacke Municipal Districts have dedicated recreation funds available to allocate to this project. The local Councillors of the Mount Uniacke area are supportive of this project. This will be brought to Municipal Council in September for approval.

The Municipality wishes the Uniacke Volunteer Fire Department all the success in their application as this project will benefit many residents of the area.

Yours truly,

Eleanor Roulston  
Warden
