Subject: CN Train Whistle

Good morning,

In follow-up to Council's motion C21(282), CN requested a meeting with municipal staff to discuss Council's request for more information on potential changes to train whistle patterns.

Jesse & John met with a representative from CN yesterday. The answer on altering whistling is a flat NO. You can only change this through the cessation process that Council did not want to pursue at this time.

The rep is an excellent contact. For any future whistle, development in proximity to rail right-of-way or EMO issues we can reach out to him.

He has also pointed us to the public inquiry line (link below) that we can direct members of the public to.

Public Inquiry Line
contact@cn.ca
1-888-888-5909

Should Council wish to take further action, a new motion would be in order.

Best regards,

Sheralee
