## Background

In April 2009, Council approved the General Government Grants Policy with a subsequent amendment being approved in May 2012. The purpose of the policy is to provide guidelines for the awarding of grants to non-profit organizations who apply to the Municipality for financial assistance.

The Eligibility Criteria from the General Government Grants Policy guides the review of applications and is as follows:

1. Program/Service Obligation ~ supports a service delivered by the Municipality.
2. Public Need/Benefit ~ service or program is broad-based and all residents will derive a benefit versus special interest group needs and benefit to specific residents.
3. Financial Need ~ application demonstrates financial need and identifies all other grants and fundraising activities. Copies of most recent Financial Statements and the current year's budget should accompany the request.
4. Quality of Life ~ service or program enhances the quality of life of residents.

Council's policy identifies applications received prior to March 31st in any given year will be given priority. Applications received after March 31st will be considered only if there are funds available.

As per the Municipal Grant Program Policy, the General Government Grant requires a Motion of Council to approve the budgeted General Government Grant recipients. Before the monies are released, each organization has to send their financial statements, operating budget and a letter of request to the CAO. The Foodbank/Christmas Programs receives their funding as a donation and we do not require the formal request or financial statements.

## Discussion

A summary of each organization in the General Government Grant Program is provided below. Each of these organizations are continuing to meet the grant objectives as outlined above.

### REMEMBERING CANADA'S HEROES

Remembering Canada's Heroes applies for funding annually to support their educational outreach program, where they visit Grade 8 and Grade 11 classrooms. In 2022, they were able to return to classrooms after COVID-19 limitations affected the previous 2 years. The group will apply for these funds once they have used the funds provided in years prior to the COVID-19 pandemic, but didn't apply for their 2022/2023 funding.

A budgeted amount of \$1,000 for this organization is in the 2023/2024 draft operating budget under General Government.

### HANTS COUNTY EXHIBITION

Hants County Exhibition has received a General Government Grant of \$300 for 10 years, with the exception of an expanded sponsorship in 2015 for their 250<sup>th</sup> anniversary. Since 2020, they have been receiving \$500 annually.

The budgeted amount of \$500 is included in the 2023/2024 draft operating budget under General Government.

### EAST HANTS CRIME PREVENTION

East Hants Crime Prevention received a General Government Grant in 2019, as per C19(301). The motion indicated that future years' grants to cover the cost of insurance be included in the budget process. East Hants Crime Prevention received \$825 in 2019, 2020, and 2021. They have not yet requested their 2022/2023 funding, but staff do anticipate the request this month.

Pending approval of the new Not-For-Profit Insurance Grant, staff recommends that the East Hants Crime Prevention be directed to that funding program going forward and the \$825 not be included in the 2023/24 General Government Grant Budget.

#### HANTS COUNTY CHRISTMAS ANGELS

The Hants County Christmas Angels Society's mandate is to "confidentially support and assist Hants County families and children at Christmastime to participate in the shared enjoyment of buying Christmas gifts and participating in their family traditions of celebrating the Christmas holidays." The group has received funding from the General Government Grant eight times in the last eleven years. Since 2016/2017, they have received \$1,000 annually. This past season, we confirmed that the group was able to support more than 20 families in East Hants from communities across the municipality. These families receive an average of \$400 in gift cards (for clothing, gifts and food)

The budgeted amount of \$1,000 is included in the 2023/2024 draft operating budget under General Government.

Staff recommend aligning this organization with the Foodbank/Christmas Program funding, and thus moving to donation method of releasing funds.

#### DR. SNOW BURSARIES

These are for the funding of three (3) \$1,000 grants within the schools. These are given every year and the schools select each recipient. The Dr. Snow Bursaries are part of the Council's Municipal Grant Program Policy.

The budgeted amount of \$3,000 is included in the 2023/2024 draft operating budget under General Government.

#### EAST HANTS FOOD BANKS/CHRISTMAS PROGRAMS

In October 2020, Council made a motion to provide all established food banks in East Hants with \$500 to help replenish stock after receiving a request from the Caring and Sharing Food Bank. In November 2021, Council made a motion to increase that amount to \$1,000 per foodbank (C(21)346). In November 2021, Kids Action Program's Angel Tree Program was added this list. There are six established recipients in East Hants:

1. Caring and Sharing Foodbank (Enfield)
2. Hants North Food Bank
3. Indian Brook Food Bank
4. Shumilacke Food Bank Society
5. Uniacke Wish Givers (Uniacke and District Jr. Fire Department Emergency Fund)
6. Kids Action Program (Angel Tree Program)

There is \$6,000 in the 2023/2024 draft operating budget under General Government to provide \$1,000 to each established food bank.

Due to limited volunteer capacity and nature of the donation, documentation is not required for the release of funds to these organizations.

#### COAT ASSOCIATION

In September 2022, Council received a request for funding support from the COAT Association. COAT stands for Community Offering Assistance Together, and this organization collects warm coats, snowsuits, hats, mittens and more to those in need across East Hants. Through Council motion C22(299), funding of \$2000 was granted and it was suggested that the group be considered for annual funding during the budget review.

The budgeted amount of \$2,000 is included in the 2023/2024 draft operating budget under General Government.

#### CONTINGENCY

A contingency of \$2,000 is included in the draft operating budget. This amount is used for any other potential grant applications that are received throughout the year. Should the applicant(s) meet the requirements for receiving a General Government Grant, separate report(s) will be brought to Council for approval.

In 2022/2023 contingency funding was used to fund the COAT Association’s request along with 4H Halifax/East Hants (\$100) in response to a donation request.

**STRATEGIC ALIGNMENT**

From Council’s 2021 Strategic Plan, the key strategy of Strong Community:

A strong community is where people feel a sense of pride, are safe, connected and active. This is achieved through long-range community planning and by supporting those who live, work and visit in East Hants. Our goal is to provide services, programs and facilities, through direct service delivery and collaboration with others, that allow people and businesses to thrive.

Organizations that receive General Government Grant Funding demonstrate a clear connection to “*Strong Community*” strategy, and our Vision as a “*vibrant, welcoming community that embraces rural and urban living - a place where everyone feels connected.*” By helping, supporting, educating and connecting East Hants residents, the General Government Grant program recipients help make East Hants a place people want to live.

**FINANCIAL CONSIDERATIONS**

To support the organizations outlined above, it is a total of \$13,500. The Grants to Organizations line item in the 2023/2024 Draft Operating Budget includes a \$2,000 contingency to fund new General Government Grants requests that are approved by Council. These requests will be brought to Council if received.

This \$15,500 General Government Grant budget is an increase of \$1175 over the 2022/2023 budget.
