RE: **Infrastructure & Operations Committee Report**

The Committee held its regular meeting on March 21, 2023 in Council Chambers. There are no motions coming forward as a result of that meeting:

1. [HWY 214 ACTIVE TRANSPORTATION PROJECT UPDATE](#)

The Director of Infrastructure & Operations gave an update on the current plan forward for the Highway 214 Active Transportation project. The project consists of four sections of new infrastructure - mainly focused along Highway 214 - per a funding agreement established through all levels of government.

As Chair of the Committee, I move the adoption of this report.
