Dear Ms. Blois,

On behalf of the Municipality of East Hants, I would like to thank the Hants Senior Safety Board of Directors for their leadership over the last 10 years as part of our Community Partnership Fund program.

Municipal Council was disappointed that Hants Senior Safety no longer plans to operate in East Hants, but appreciates the years of service to our residents.

Thank you again for the great service your organization has provided and I wish you well in the future.

Regards,

Warden Eleanor Roulston
