Subject: Our CN in Your Community report is now digital!

Dear Warden Roulston:

We know a strong, vibrant and safe community is important to you. And as your neighbour, it's important to us too.

CN is committed to contribute to our shared future, from community safety and environmental efforts to local initiatives and partnerships. Learn more in our 2023 **CN In Your Community** report, which is now offered digitally in line with our goal to reduce our impact on the environment.

Access all the content in the report with just a click on the cn.ca homepage > Delivering Responsibly > Community.

We look forward to continuing to collaborate and building stronger communities across our network, with you.

Stay safe,

Daniel Salvatore
