East Hants [Economic and Business Development](#)

July 26, 2023

To our East Hants Community,

It has been a difficult and trying few days for many businesses and residents in our community and across the province as we recover from this past weekend's flooding disaster. The Province of Nova Scotia announced its Disaster Financial Assistance Program for small businesses, non-profits, and residential property owners and tenants who have suffered uninsurable damage or loss from storm flooding.

Below are links to the information and the forms that you need if you would like to apply for the Disaster Financial Assistance Program.

[Disaster financial assistance for non-profits: July 2023 floods](#)

For more information on Disaster Assistance efforts, please visit the Province's [website](#).

If you require further business support, please do not hesitate to reach out to the Economic & Business Development team at (902)883-4355 or [business@easthants.ca](mailto:business@easthants.ca).
