ABOUT US

Clean Foundation is a climate change, program delivery non-profit.

We are a Nova Scotia-based independent, non-governmental environmental charity that began in 1988.

We bring specialized teams together to work on complex problems, delivering clean projects and programming for communities.

We're here to make the biggest impact for a cleaner world.

COMMUNITY CLIMATE CAPACITY

LOCAL CLIMATE ACTION

Heat Waves

Extreme Storms

Forest Fires

Flooding

Coastal Erosion

The changing climate is **impacting our community** wellbeing and way of life.

Despite the enormous scale, complexity and severity of the climate change challenges, innovative solutions are taking root at the local level, where adaptation measures can protect our communities.

CLIMATE CAPACITY

Municipalities and communities throughout Nova Scotia have been struggling to find **the resources, support and staff** to take action against the climate challenges that face them.

Community Climate Capacity Program can help.

COMMUNITY CLIMATE CAPACITY

funding provided by the Department of Environment and Climate Change Nova Scotia

CLEAN FOUNDATION

provide **FREE**
staff resources and capacity

15 COMMUNITIES

Primary goal of CCC is to help communities:

- identify climate risks;
- assess opportunities; and,
- develop/implement climate adaptation and mitigation actions.

CLEAN'S CCC INITIATIVE

- **A Climate Lead will be assigned to successful CCC recipients** to enhance their adaptive capacity, community resilience and greenhouse gas emission reductions.
- Communities will **have three years of support** for climate change work at **no cost**.
- Our objectives are to action on:
 - funding applications;
 - ground implementation; and,
 - necessary policy development for **climate and sustainability considerations** in operational decision making.

The program is focused on building up **your capacity to implement climate action.**

PROGRAM STRUCTURE

Communities will be:

- Required to have an existing internal staff liaison to support the Climate Lead on the ground.
- Supported by a team of specialists at Clean to provide guidance and expertise on climate mitigation, adaptation, resilience and asset management.
- Provided with regular training and capacity building initiatives.

APPLICATION PROCESS

The Community Climate Capacity Program's application process will open in Fall 2023!

Who is eligible?

Municipal and local governments, not-for-profit organization, indigenous organizations and communities, and municipal corporations or entities, who are struggling to find the resources, support and staff to take action on climate challenges.

We encourage collaboration between community organizations, municipalities and First Nations, and we are open to joint applications!

ROADSHOW

The Community Climate Capacity team is traveling around Nova Scotia (virtually and in-person) to meet with communities and discuss their needs as it relates to climate change.

During these initial meetings, we want to find out how we can structure our program to best support communities. So please, **tell us your needs, challenges and opportunities for climate action!**
