Halifax, NS
B3J 2N2

Dear Honourable Kim Masland,

The Municipality of East Hants is following up on a letter sent to you in October 2022, which has received no response at present. The request is for you to meet with Council to discuss crosswalk needs in the community of Enfield.

As previously detailed, the Municipality has been advocating to the province for a crosswalk on Highway 2, near the intersection of Highway 2 and Old Enfield Road for several years. This has included several locations and proposed design concepts. The feedback received from Provincial staff is that they will not help identify how a crosswalk could be established, which has put this pursuit of a needed asset in the community at a complete standstill.

Your willingness to meet with the Municipality to actively address this problematic topic would be greatly appreciated.

Sincerely,

A handwritten signature in blue ink that reads "Eleanor Roulston".

Warden Eleanor Roulston

E: John McDonald, MLA East Hants

Mark Peachey, Chief Engineer Nova Scotia Department of Public Works
