Re: Former Elmsdale and Lantz School Sites - Request for Council Workshop - Development Concepts

The feasibility and site planning project for the Former Elmsdale School Site (PID 45147998) and Former Lantz School Site (PIDs 45148111 and 45088614) is nearing completion. Prior to finalizing the report, staff desire to present the proposed development concepts to Council at a workshop for discussion and feedback. Staff will then return to Council to present the final report to Council for consideration and direction.

Staff are requesting Council schedule a workshop to review the proposed development concepts with the consultant and staff for one (1) of the following dates:

- Thursday, October 19, 2023; or
- Thursday, October 26, 2023

The consultant is also available to present on the following dates:

- Tuesday, October 24, 2023
- Wednesday, November 1, 2023

Recommended Motion

Move that a Council Workshop be held on <<insert date>> to review the development concepts for the former Elmsdale & Lantz school sites.
