Dear Mr. MacNeil,

Thank you for your correspondence dated October 18, 2023 to East Hants Municipal Council/Councillors and CAO in follow up to your letter of June 29, 2023 and our subsequent conversation.

East Hants Council reviewed your correspondence at their Regular Meeting of Council held on October 25, 2023. Council directed staff to write a letter to the East Hants Curling Association advising that curling and other recreation assets will be considered during the recreation needs assessment for the municipality. Curling will be included in the scope of the recreation needs assessment public consultation process.

We look forward to the results of that assessment.

Best regards,

Kim Ramsay CPA,
Chief Administrative Officer
