

To: East Hants Municipality Warden, Eleanor Kelston
 (Thank You For that very reasonable phone conversation on Dec 6)

Hello, Warden Kelston. I am writing you, so as to have something on paper that documents concerns brought to you, by me, about "Unfair and Unequal protection of the law, as applied to male and female persons," contrary to Canadian Charter of Rights and Freedoms, and The United Nations International Declaration of Human Rights

I have brought this concern to Lon A MacDonald as well as a concern about the Province having encouraged "flaunting" of sexuality in the work-place; funded work-places - no less.

I do not pay taxes to make it so

that attractiveness will get a person farther than intelligence, aptitude, dexterity (for something with an "x" in it), work ethic, and other truly positive attributes that do not require funding.

I consider myself more-so intelligent, than attractive; perhaps I'm wrong and underestimate in some ways and over-estimate myself in others, but I don't think so. However, I don't pay taxes to enhance "sexual-social-order" (for lack of a better term the Province provide no sensitivity training on this - to say the ~~less~~ very least. They promote this form of discrimination

Now to our topic, I know some big, tough women that are less in need of violence protection than some barely more than a hundred pounds, scholarly type guys I know. There should be no discrimination by gender on violence protection. It is the Law and my Right
