Hello,

Could you please share the email below with Kim Ramsay and can it be posted as correspondence to Council?

Thank you :)

Andrea

Hello,

We are concerned community members and business owners who want to bring a concern to your attention. We have a childcare crisis in our community and there does not appear to be any plan to remedy this issue. This is as much an economic issue as it is a social issue.

The attached letter has been sent to our local MP, local MLA, local Chamber of Commerce, and the local childcare centres.

We hope you will read the attached letter in its entirety, as I am sure your first thought may be 'this is a provincial/federal issue and does not apply to us'. I promise, there is a relevance here for you.

Thank you for your time.

Andrea & Brad Ferguson
