Dear Community, Community Leaders, and Business Owners,

## Recycle Your Cycle

Rotary Club of Sackville and Area and Sportwheels Sports Excellence are excited to be partnering with The Salvation Army and Junk-Works, to provide gently used bikes to families-in-need, refugee and immigrant families in our communities.

### How it all works

Used bikes can be dropped off at Sportwheels Sport Excellence from Monday, April 15, until Friday, May 31, 2024, 209 Sackville Dr., Lower Sackville during regular business hours. Sportwheels Sport Excellence will clean and service them, The Salvation Army will turn them over to families-in-need. Junk-Works ensure waste materials are picked-up, properly disposed of, including further recycling of parts where the opportunity exists. We are big believers in "Giving Forward Together".

It is also Rotary Club of Sackville and Area's goal to provide a new helmet with each bike donation.

Sponsorship packages in the project.
