

NEW EMPLOYEE INTRODUCTION

April 16, 2024, Executive Committee Meeting

Today we are welcoming Seonaid (Sh-OW-nid) MacDonell in the new Sustainability Coordinator position. Seonaid has a Masters of Resource and Environmental Management and a Certificate in Public Policy and Management, both from Dalhousie, and holds a Wetland Delineation Certificate from the Maritime College of Forest Technology. Seonaid is joining us from a project coordinator role with the Confederacy of Mainland Mi'kmaq. Seonaid is also a Professional Agrologist and previously managed programs for the Nova Scotia Federation of Agriculture. We are looking forward to having Seonaid join our team and seeing how this new position helps impact our community for future generations.
