Q5 What types of housing do you think are needed in your community for the different stages of life?

5	I think a variety of housing is needed. We struggled to find something small enough on 1 acre or more when we purchased in 2021. Single unit swelling or mini-homes on their own land were what we were looking for and are what is appealing when moving out of a more populated area	2/22/2024 5:37 PM

10	Mt Uniacke is a paradise outside the city but close to the city. I'd like to see it stay that way. Obviously there is a demand for more housing but to keep the value of our community and investments I'd like to see building kept to single family dwellings.	2/11/2024 11:32 AM

51	This community has a direct need for multi unit buildings. 24 unit would be a great size, but also for more development with semi-detached homes and even townhouses. There are areas in Uniacke that would be perfect for a complete neighborhood of townhouses. There is also a definite need for more single unit houses. The biggest problem that I see is that too much of the land here is owned by too few people, and most of them aren't willing to sell any of it. Then when a subdivision is developed, such as the new extension of Morning Breeze, there are delay after delay in bringing the lots to market. When those lots do come to market, they are overpriced because they are the only subdivision that has made it through all of the red tape and hoops involved in creating a new subdivision. If you want to have a serious effect on the availability of housing in Mount Uniacke, zone a "commercial" area between Uniacke Pizza and Eddy's and allow apartment buildings to be built there. Cut some red tape for new development and try to attract some competition for subdivision development so that the lot prices have to be competitive and therefore, affordable for both builders and families alike.	2/2/2024 1:04 PM

Uniacke Land Use Survey

Allow the development of areas or new streets with townhouses, they are historically a more affordable living option for young families. If we want to keep our community vibrant, we need to attract the young families. And, finally if you'd like to exact real change and growth in the community, find a way to either convince the land owners who are sitting on large parcels of land that are prime development areas to sell the land for development, or raise the assessment of the land based on its potential for assessment and let them pay a more fair portion of our taxes.

157	Whatever gets built. Ask people who are experts in housing people in different stages of life, put the proper zoning and incentives in place and people will develop it. At my stage I need a detached house and space for a young family.	1/23/2024 9:47 PM

206	We need more types of housing. Single family units are great, but they don't support people at different life stages. If we want more young people here, we need housing they can afford. Likewise for people who don't make as much money, they also need a place to stay and I think they should be welcome here. There's lots of space around here, there's definitely some room for more housing (provide we build the associated services to compliment the growth)	1/23/2024 6:25 PM

31	We don't have much of anything in our district except Fire.	2/5/2024 5:18 AM
32	Two exit routes from my home, community/recreation centre, increased health care, low income and mental health support, more adult recreational activities after-hours/weekends at the school	2/4/2024 10:54 AM

36	All of the above	2/3/2024 4:27 PM
37	I think we need a community centre where different people can hold different community events. All we have really are the Firehall and the Legion	2/3/2024 3:49 PM

52	Community centre would be a nice addition. The quaintness of our Village is what makes Mount Uniacke appealing to live.	2/3/2024 9:31 AM
53	As the community grows, so does its need for more facilities. First and foremost, we need a new community doctor in our doctors office. Someone who would be able to take people who live in this community who don't have a family doctor as a first priority and then people outside the community second. We have the space, we need someone in it. And if for some reason the space isn't available, we need a larger facility. Secondly, with the currently approved development we need a high school in the community. With additional development to come the Windsor high school is quickly going to be over populated. Third to plans for a high school, should probably be a sporting complex / community center. The current library building is suitable for future growth by moving the RCMP dispatch into the new community center complex.	2/2/2024 1:30 PM

240	An indoor walking track. We have no side walks. Sure we have some paved shoulders but cars only drive faster on the roads that have them and are constantly over that line. The sections of the roads that don't have paved, you can't walk the gravel, it's so uneven and ditches are now washed out since the flooding. An indoor walk track would be awesome. If Windsor, a very small town, can have one, we can too A high school. Sure AvonView is amazing but they aren't provided buses by Avon View. Our Uniacke drivers are taking them. There have been many times that the kids have been late arriving because our weather is worse here than Windsor, or Uniacke buses aren't running due to an inservice but Avonview is open. Our kids deserve a high school.	1/23/2024 5:42 PM
241	Grocery store	1/23/2024 5:40 PM
242	Mount uniacke needs a community /recreation centre. Need places to walk, bicycle. School looks run down from the outside. Need more to support community feel.	1/23/2024 5:40 PM
243	Indoor rec center	1/23/2024 5:33 PM
244	Fire dept sub station in east Uniacke and south Rawdon rd	1/23/2024 5:31 PM
245	Community centers, fitness center (gymnasium/ small pool) similar to a YMCA.	1/23/2024 5:30 PM
246	Community centre,for children's and sports activities.	1/23/2024 5:29 PM
247	Gym, community centre that has activities weekly for kids, a full police station	1/23/2024 5:27 PM
248	Rec Center , ice arena , splash pad	1/23/2024 5:25 PM
249	I would like to have my road plowed. I pay 8000 in taxes and get virtually nothing for it. I have been here since 1973 and have never seen a police cruiser.	1/23/2024 5:24 PM
250	Community center and second firehall. Most rec area like tennis court or basketball courts	1/23/2024 5:23 PM
251	Community center, fitness facility... maintained outdoor rink.	1/23/2024 5:23 PM
252	rec center	1/23/2024 5:20 PM
253	I would love a community centre that offers a wider arrangement of events for all ages. Emergency services are also super important and would love for the existing services to have more so they can continue serving the community members.	1/23/2024 5:20 PM
254	Larger library with events and activities, community center, daycares/ childcare facilities, police presence in community, high school so kids do not have to travel to windsor, soccer facilities outside, community basketball courts, rink and track, more afterschool and summer childcare	1/23/2024 5:08 PM
255	A community centre with facilities for exercise and other recreational activities A medical clinic Public transportation	1/23/2024 5:08 PM
256	A Community Centre would be great. Uniacke District School should be made primary to grade 8 only and let the grade 9 students go to Windsor to be with the rest of the students of that age group which come from other schools in the Windsor area and it must be hard for our grade nines NOT to be mixing with other grade nines from other schools surrounding the Windsor District School. High School is difficult enough to move onto without the added chore of being "one year behind in registration of the same age group".	1/23/2024 5:07 PM
257	Better library	1/23/2024 5:05 PM
258	Community centre, new school which is badly outdated and becoming unable to house the student population	1/23/2024 4:58 PM
259	Emergency services - fire, ambulance, emergency care, walk in clinic	1/23/2024 4:58 PM
260	a community center would be nice, but we started a fundraiser for this, but where are the funds and the community center	1/23/2024 4:55 PM
261	Larger school! Community complex that could house playground, gym, fitness and sports programs, children's camp programs	1/23/2024 4:54 PM
262	High school, rec facility (rink, pool, gym)	1/23/2024 4:33 PM
263	Community centre	1/23/2024 4:29 PM

264	No city service	1/23/2024 4:18 PM
265	Sports facility's. Like in elmsdale	1/23/2024 4:17 PM
266	Expand the very limited hours of our library. Also, our high school students should not have to be bussed to a different school district.	1/23/2024 4:09 PM
267	Hockey to be available in sackville	1/23/2024 4:08 PM
268	New school Community centre More children's recreation offerings Public water access close to town centre Splash pad	1/23/2024 4:05 PM
269	community centre	1/23/2024 3:50 PM
270	What we have now is fine	1/23/2024 3:49 PM
271	Rink, improved/larger baseball and soccer fields, basketball court, walk in medical clinic	1/23/2024 3:48 PM
272	Nothing new. We like it the way it is and we don't want any changes.	1/23/2024 3:47 PM
273	ATV trails, outdoor spaces.	1/23/2024 3:46 PM
274	A new fire department like a sub station	1/23/2024 3:43 PM
275	Off leash dog paths, not just a fenced in field. A high school that my kids won't lose 90 minutes per day commuting back and forth from. Community centres. The library is small but mighty, should grow with population.	1/23/2024 3:40 PM
276	Arena/Community multipurpose center A proper gastro pub/restaurant in the Uniacke Village area	1/23/2024 3:39 PM
277	We need an indoor walking track and sports facility	1/23/2024 3:24 PM
278	Pool Splash Pad UPGRADED SCHOOL PLAYGROUND- Uniacke District Schools playground is in dire need of improvement and upgrades. Sidewalks would be amazing as it is VERY UNSAFE to walk, bike, etc along the non-existent shoulders of the roads in our community. More patrolling of roads, to reduce speeding and dangerous driving.	1/23/2024 3:24 PM
279	Dog day care, gym/exercise facility	1/23/2024 3:20 PM
280	High school, sports complex	1/23/2024 3:20 PM
281	Recreational facilities. Indoor rec center with workout gym, pool, gymnasium, cardio area, etc. Mount Uniacke is far behind like sized communities in this regard.	1/23/2024 3:20 PM
282	Gym facility Eateries	1/23/2024 3:19 PM
283	Bigger school and Fire department	1/23/2024 3:19 PM
284	No opinion	1/23/2024 3:17 PM
285	Another school or at least a new school. More food destinations. More parks for those not directly on the main highway. A grocery store even if it's small.	1/23/2024 3:17 PM
286	Gym, community centre, outdoor pickleball courts	1/23/2024 3:06 PM
287	school improvements!! community center, ability to have recreation activities IN the community not always having to go to sackville/windsor	1/23/2024 3:05 PM
288	Community centre with indoor walking track.	1/23/2024 3:02 PM
289	EHS coverage, & Sidewalks or walking / bike trails in town from Pentz Lake to Uniacke Estate Park.	1/23/2024 3:01 PM
290	High school, community centre or small gym.	1/23/2024 2:58 PM
291	New school , ours is 50 years old or looks it , it's got to have air issues. Need our own rink complex , industrial park area would work!	1/23/2024 2:53 PM
292	All of the above! Bigger library, RCMP staffing for more than just Thursdays, EHS office, 2nd fire department, community centre, daycare, gym, high school, extra curricular activities for all ages, children to adult, canoe club on one of our many lakes, dentist, physiotherapy,	1/23/2024 2:50 PM

swimming pool or lessons offered at a lake, skating rink, inclusive soccer field - our current one at the school is horrible to access.

293	Community center with running track pool and rink volley ball and basketball courts	1/23/2024 2:44 PM
294	Splash pad, community garden, larger library, track, indoor rec facilities for the heat of summer and cold of winter, community center, arts and culture ANYTHING	1/23/2024 2:27 PM
295	ANY community services or facilities. We pay very high taxes to the municipality and have two services - the Fire Hall, and School. Hwy 1 is in terrible shape - and the side roads are worse. No sidewalks, no sewer, no water and no transit. We are the poor cousin to Elmsdale and Enfield that have sports centres, trails, etc.	1/23/2024 2:26 PM
296	A pool, a community centre with activities for kids and teens,	1/23/2024 2:25 PM
297	Far better library with more maker space type options. A community centre that would offer classes for continued learning, helping to provide opportunities for job skills for those looking for work.	1/23/2024 2:21 PM
298	Sidewalks	1/23/2024 2:01 PM
299	The school will have to be larger. A community center is desperately needed. Something with leisure and exercise amenities. Tennis courts, squash courts, a walking track for those adverse to walking on our roadsides because it can be terrifying. A place for fitness classes. An outdoor pool. Canoe and kayak rentals and stand up paddle board on Lake Martha.	1/23/2024 1:54 PM
300	More things for children and seniors	1/23/2024 1:49 PM
301	Gym. Arena. Doctors.	1/23/2024 1:43 PM
302	More access to venues to have meetings, etc.	1/23/2024 1:32 PM
303	In door activities center	1/23/2024 1:31 PM
304	High school and community centre. Our school currently has nowhere for grade 7-9's to put their backpacks so are constantly having to lug it everywhere. We have nothing for kids to do out here... we are either having to drive to sackville or Windsor and Windsor currently added an extra fee for those outside of their community. No one is driving to Elmsdale... that's 45 minutes away.	1/23/2024 1:30 PM
305	An updated School and add a community center section to make the facility more useful for the town.	1/23/2024 1:29 PM
306	None.	1/23/2024 1:28 PM
307	High school Recreational centre with pool	1/23/2024 1:28 PM

311	Civic Center	1/23/2024 1:02 PM
312	Community complex with rink, pool etc	1/23/2024 12:54 PM
313	New school to separate Junior high from the elementary, daycare facility, community rec Centre	1/23/2024 12:52 PM
314	Rink	1/23/2024 12:47 PM
315	A bigger library my kids do enjoy going there. Our school is very old and I couldn't believe how outdated it was when I went in to my children's school I don't think that place have had any amount of work done to it.. And especially my child has been needing a special School test and she is still waiting over two years.... It would be nice if we had some type of splash pad or something to do with the kids in the summer because I really don't trust the lakes because of bacteria and everything like that. So I kinda wish we had something like that to be able to go in the summer... We do take advantage of the playgrounds around the area...	1/23/2024 12:46 PM
316	New school, basketball and pickle ball courts, community Centre, pool	1/23/2024 12:45 PM

Uniacke Land Use Survey

317	Larger library, dog park, day care.	1/23/2024 12:44 PM
318	Recreational ... libraries are useless it's 2024 ... maybe an actual police detachment so help wouldn't be an hour away if needed ...	1/23/2024 12:43 PM
319	I believe a small center of some sort to improve health here.there is no place to go nearby to exercise like an indoor walking place.we do have alot of elderly or people like me who can't be out in the cold.	1/23/2024 12:40 PM
320	Fitness area, gym, rink, recreation centre and more shops	1/23/2024 12:38 PM
321	Would be nice to have a gym, track or other rec facility. The Uniacke trails are great but too uneven for older adults. (.tripping hazard). Walking on the sides of the roads is often dangerous as no sidewalks and vehicles driving fast	1/23/2024 12:33 PM
322	Dog daycare / pet care / grooming. Huge gap in this area	1/23/2024 12:28 PM
323	A larger library is a must with small children in mind. Emergency services/ medical services a must. community centre, an elementary school separate from junior high students, the school requires a new playground and better water treatment .	1/23/2024 12:27 PM
324	Our current school is not big enough for the community and bussing is a huge issue. Definitely a community center is needed, way overdue for it.	1/23/2024 12:25 PM
325	New school, library, a community Center.	1/23/2024 12:23 PM
326	Recreation centre, pool	1/23/2024 12:16 PM
327	Better road maintenance, including plowing, salting, sanding, pothole filling, and storm damage repair	1/23/2024 12:10 PM

5	We're good	2/23/2024 6:29 AM
6	We love bell park and uniacke estates. I am disabled and am looking forward to the development of the rail line into a trail as they typically have less elevation and this makes it much more accessible.	2/22/2024 5:43 PM
7	EXISTING TRAILS ARE GREAT, MORE PARKLAND FOR KIDS INCLUDING PLAYING FIELDS WOULD SUPPORT GROWING POPULATION	2/22/2024 3:06 PM
8	More dirt bike and atv trails, with grooming. Also a dirt bike track to ride with jumps. More places like this would keep the kids off the roads.	2/15/2024 11:26 PM
9	Dog Friendly/ Pet safe	2/13/2024 8:44 PM
10	Cycling .. trails .. an edge on the road would be amazing .. even pot holes filled would be fantastic access ... to other trail arteries .. I cycle to work .. have to park my vehicle .. purchased an e bike to assist because cycling through beverbank is scary ... no biking lanes traffic is awful no access trails	2/11/2024 6:04 PM
11	Walking trails	2/11/2024 3:35 PM
12	Lots for walking the dog and side by side use	2/11/2024 12:31 PM
13	Love our parks and trails. Keep them protected! A rails to trails I think would be excellent for our community in terms of the old railway. Look at Tatamagouche NS for example.	2/11/2024 11:38 AM
14	We have good assets now in Uniacke House snd Bell Park	2/11/2024 11:16 AM
15	we already have them and maintain on our own	2/11/2024 11:03 AM

23	Trails	2/10/2024 2:07 PM
24	I like the parks we have. I would enjoy them more often if people kept their dogs on leashes.	2/10/2024 9:25 AM
25	Trails that take you away from roadways with proper trailheads to park at. The skate park is a disgrace with people having to park on the side of the road. Multi-use trails, and utilize are vast lakes for relaxation and better connections with nature.	2/10/2024 9:01 AM
26	nature trails for walking / biking	2/9/2024 1:16 PM

27	We have enough trails in our community for walking. I would like to see access to existing ATV trails protected. Currently I can legally drive from my property to the trails but as new subdivisions get built and new public roads get built, it threatens access without putting my ATV on a trailer. Would like to see law changes in certain areas like has been done in other areas of the province to allow ATV to use some public roads to access trails.	2/8/2024 4:49 AM
28	Open trails with allowance of horses	2/7/2024 9:14 AM
29	We have beautiful parks and trails	2/6/2024 7:47 PM
30	Off-leash friendly trails - I currently have to drive all the way to Bedford or even into Halifax just to find a trail I can safely hike with my dogs off leash without being worried a kid on an ATV is going to come tearing around a corner.	2/5/2024 9:32 AM
31	We have walking parks and trails. Atv trails with access to gas and food would be great for our country living	2/4/2024 8:50 PM
32	More multi-use trails, such as converting the abandoned rail line to a multi-use trail	2/4/2024 10:54 AM
33	I believe there are enough for the population more building wil. Mean less trails	2/4/2024 8:54 AM
34	safe ones	2/3/2024 8:30 PM
35	We already have some very nice trails in our community.	2/3/2024 5:16 PM

43	More bike trails	2/3/2024 12:46 PM
44	Our parks and trails are good	2/3/2024 12:12 PM
45	We have enough.	2/3/2024 11:42 AM
46	Day parks...more trails	2/3/2024 11:42 AM
47	I think we have plenty of walking trails for our community. Maybe a community beach area on one of the lakes would be nice.	2/3/2024 11:15 AM
48	Bigger playground	2/3/2024 10:51 AM
49	We currently have great trails at Bell and Uniacke House. Would be nice to utilize the old railway bed	2/3/2024 10:43 AM
50	I think the trails are adequate	2/3/2024 10:07 AM
51	MU already has ample parks and trails	2/3/2024 9:31 AM
52	We have a beautiful park, a historical park and lots of walking trails. We also have a pretty good skate park and playground. What we could use is a splash pad for the hot summer months, and possibly some better sporting fields. Even putting some money into bettering the schools fields could go a long way.	2/2/2024 1:30 PM
53	Our parks and trails in our community are beautiful! The only thing I would change is that bell park needs to have garbage cans that the municipality will take care of.	2/1/2024 1:02 PM
54	I like our current trails and parks.	2/1/2024 9:11 AM
55	Nice walking trails, and public access to a lake	1/30/2024 2:00 PM

57	We have some good trails in our community.	1/30/2024 11:57 AM
58	Rails to trails	1/30/2024 9:13 AM
59	Lovely parks and trails. But that's all we have	1/29/2024 4:45 PM
60	I would like the road slowed so yhat current infrastructure can be utilized by more of the people that live in the community. There is a good walking no through roads that allow for exercise but it is not connected because the #1 Evangeline trail and South Rawdon rd are too fast for comfortable multi use access. More kids would be able to get to their friends houses via bikes, aging community members might have better access to exercise, all community members would benefit as safety would increase (especially on the corner of the 2 noted cross roads) for pedestrians and drivers. And to slow traffic 2 km in each direction of yhe main roads through lakelands from 70&80 to a 50km/hr zone would only adjust drive times 1-2 mins.. Sometimes the easiest, no cost adjustments are the best.. I would love to see a walkable sidewalk from Frederick Ave, Just off south Rawdon rd, all the way down to the Lakelands entrance at Mount Uniacke Park which is apx 1 km.. Slow the traffic, make the community safer to walk around..	1/29/2024 2:44 PM
61	More parks	1/29/2024 9:25 AM
62	Stroller/wheelchair friendly ones	1/29/2024 8:59 AM
63	We have enough	1/29/2024 12:33 AM
64	Water parks / places for kids to hang out	1/28/2024 4:05 PM
65	Already have them	1/28/2024 7:46 AM
66	An off-leash dog walking trail in the woods. A public, swimmable beach with ample parking and washroom facilities.	1/28/2024 4:58 AM
67	Continue to preserve and build on what currently exists. A variety of mixed use trails that can accommodate all interests. Again, planned for in advance of the inevitable development that is coming	1/27/2024 1:50 PM
68	Hiking trails, mountain biking trails, rails to trails should be looked at again. Consideration should be given to ATV (mixed use) trails while maintaining separation from homes and private/public roadways. There are already too many yahoos on ATVS trespassing on private, posted property.	1/27/2024 1:19 PM
69	Love walking trails like Bell Park and trails in the Long Lake community	1/27/2024 11:55 AM
70	More places for kids to play	1/27/2024 10:23 AM
71	Walking trails, biking trails	1/26/2024 7:00 PM
72	We have enough,stop raising the taxes.	1/26/2024 6:24 PM
73	Off leash trails.	1/26/2024 4:46 PM
74	We have many beautiful trails no need for anymore	1/26/2024 1:32 PM
75	The railway would be a perfect trail. Already established just needs to be maintained. Also, we need municipal services to be more vigilant with the parks and trails. regular pick up and inspections of the garbage and problem areas, lighting to curb undesirable drug use/trafficking, etc....	1/26/2024 8:24 AM
76	Nature trails	1/26/2024 8:14 AM
77	We have some nice trails already at meek arm / long lake area. However having some garbage service at the trail and park would be nice	1/25/2024 8:29 PM
78	Trails mines road	1/25/2024 8:16 PM
79	Multi use trials. Some for hiking and off lease dog walking.	1/25/2024 6:36 PM

84	Trails are always welcomed, playground and multiuse parks, including pickleball courts	1/25/2024 1:41 PM
85	Satisfied with what we have	1/25/2024 1:34 PM
86	Rails to trails on the old unused railway.	1/25/2024 12:55 PM
87	Extend the old rail bed line from Upper Sackville to Windsor as a groomed trail. I believe this is currently in private, US hands.	1/25/2024 11:54 AM
88	Off leash dog park,	1/25/2024 12:24 AM
89	The more the merrier. The longer the trails the better.	1/24/2024 11:38 PM
90	The more walking trails the better. Groomed x-country ski trails (if we ever get enough snow). More accessible parks with playground equipment, ball parks, soccer parks	1/24/2024 10:02 PM
91	Walking trails, rv parks	1/24/2024 8:16 PM
92	We have well established trails but need better trash collection at them	1/24/2024 7:58 PM
93	Multi-use. Some maintained in winter would be nice. It also shouldn't be up to volunteers to maintain Bell Park.	1/24/2024 7:45 PM
94	Walking trails which we have already	1/24/2024 7:31 PM
95	Several Walking trails...no atvs....walking trails	1/24/2024 6:45 PM
96	We have ample parks and trail systems - a dog park would be an added bonus there have been community attempts using old infrastructure however, they are not sustainable on a volunteer basis.	1/24/2024 4:29 PM
97	We could use some score field's, atv trails get rid of the railway tracts	1/24/2024 4:23 PM
98	Another walking trail back east uniacke would be nice	1/24/2024 4:10 PM
99	The ones we have are lovely.	1/24/2024 3:32 PM
100	Peddle Bike park, or dirt bike track/park	1/24/2024 3:25 PM
101	A biking/walking trail that connects to sackville or Bedford. More park spaces for picnics, family outings.	1/24/2024 3:14 PM

189	I think Bell Park needs more servicing not relying on current volunteers who are aging. The dog owners are absolutely disrespectful of this lovely area	1/23/2024 6:45 PM
190	Splash pad	1/23/2024 6:43 PM

227	Off leash dog trail	1/23/2024 5:42 PM
228	Bring back a picnic park. We used to have one but it was closed. So many people love day trips and places to picnic. In world full of fast and greed, it's so wonderful to bring the family together to let the kids play, breath in some fresh air and cook outside. Let's go back to the simple days.	1/23/2024 5:42 PM

240	I would like to have the municipality take action to develop the abandoned railway as a biking/hiking trail. I would like a safe way to bike or walk along the highway. Maybe sidewalks are not feasible but a designated bike/walking lane could be explored?	1/23/2024 5:08 PM
241	We have Uniacke House for trails and viewing as well as we have the John Curwin Picnic Park for our younger residents to play in re: swings, slides, open area with no traffic, etc. As well, we have the ball diamonds at the Uniacke Legion, the Skateboard Park, the Uniacke Library. Would be nice to have the promised / proposed walking trails at the head of the Sackville River which was promised when the housing development went in on Morning Breeze Drive. We desperately require marked parking availability for the Skateboard Park before serious accidents take place. Sidewalks encompassing one side of Hwy 1 from the school to the Village of Mount Uniacke for safer access for students who use the skateboard park in good weather would be a definite ASSET before any young people get involved in car accidents.	1/23/2024 5:07 PM

252	We have trails. Let's just keep them	1/23/2024 4:17 PM
253	Upgrade the beautiful trails at Uniacke Estate! The groundskeepers do a wonderful job with the limited materials they have. However, more gravel and mulch are needed to return the trails to the state they were in 25-30 years ago. 238	Grocery store and daycare	1/23/2024 5:44 PM
239	More recreational areas. Hantsport is a great reference for this. It is a nice town with a sense of community as there are a lot more outdoor activities for people to come together and enjoy. Locally owned coffee shop / café (that provides specialty coffee and deli/bakery items). It may also double as a workspace for people to come and do work, or read, or just chat with their friends. (Like the vibe at Apartment 3 in Sackville). Things that will provide more sense of community. Right now it's just a bunch of houses, and nowhere for people to gather that isn't the Military Legion or a greasy pub with slot machines and alcohol...	1/23/2024 5:44 PM
240	Restaurant would be good. We desperately need day care	1/23/2024 5:42 PM
241	Yes, we need all those things listed above. Gas is expensive. People are working more to make ends meet. Give us a grocery store to go to. For heavens sake, Kennetcook has one. Mount Uniacke has nothing except our local farm market which is a god send but there's nothing in the winter months.	1/23/2024 5:42 PM
242	Grocery store needed.	1/23/2024 5:40 PM
243	So many things. Mount Uniacke doesn't have much at all. Desperate for some stores , local coffee shop that isn't Tim Hortons , would live a gift shop. Need some culture. Need business that locals can support and perhaps even visitors to the area.	1/23/2024 5:40 PM
244	More daycare options	1/23/2024 5:33 PM

246	Daycare, fitness center (gym, small pool)	1/23/2024 5:30 PM
247	Life would be better if withrows was open year round, so I'd say a market to get fresh veg,Eddie's is pretty good, but more options would be great. And a cafe would be nice.	1/23/2024 5:29 PM
248	Daycares for sure!!! Something good food wise, grocery store would be ideal with the growing population	1/23/2024 5:27 PM

Would be nice to have a photo-cam on these signs to advise the drivers that their license plate, make and model of the vehicle as well as a quick shot of the driver will be logged in and contact will be made with them re: speed limit conditions, charges and monetary tickets sent out, etc. to STOP the large number of irresponsible drivers who exceed the posted speed limits through the community of Mount Uniacke - whether on Highway 1 or on South Uniacke Road or on Etter Road or on East Uniacke Road - before someone is killed.	1/23/2024 5:07 PM

17	sustainability means that we can overcome perils within our community and help to progress our future generations to make them want to stay. Sustainability can be implemented by ensuring our community does not have to travel to halifax, sackville, or the valley to teach swimming, go to the gym, or walk on a track to stay physically fit. If there is nothing here to sustain children's or adults' interests other than housing, it won't be sustainable.	2/10/2024 9:06 AM

30	Mount Uniacke isn't large enough, populated enough, or developed enough to be looked at as a sustainable community. There isn't enough opportunity of employment to make it a community that can function on its own. Serious planning should go into the future land use and development areas to make the community scalable. It won't be a small town forever, plan for tomorrow, today. When the road construction happened in front of the Irving a few years back, the new intersection should have been a roundabout. With the new development over the past 2 years, traffic bottlenecks there in the afternoons now. Eddy's is a great little grocery store, but the parking area is getting to be too small and traffic in and out during busy times is hectic and can be dangerous. The old, derelict building behind it could provide additional parking area and room for expansion... Once again, we have the land. It's in private hands.	2/2/2024 1:50 PM

34	Sustainably is the capacity of the citizens to use the resources already in place, and to be supported to develop project that have all stakeholders supported. A community garden & pantry at the library run by volunteers? Trail builders/maintenance run by community member volunteers	1/29/2024 2:48 PM
35	Been plowing better on snow days.	1/29/2024 9:27 AM
36	Cutting down on unnecessary emissions, with solutions such as public transit.	1/28/2024 5:03 AM
37	Sustainability means proper planning in advance of growth and development. Look to other communities to see what works and what doesn't. This is where East Hants can succeed where HRM failed.	1/27/2024 1:57 PM
38	Green spaces, living with nature, not turning everything into a concrete jungle, green energy (solar, wind if feasible, energy storage), new buildings should be designed to capture as much solar energy as possible and go beyond net zero.	1/27/2024 1:32 PM

43	Sustainability means looking after what we have, maintaining the lake, so that it is a healthy environment for our loans and turtles	1/26/2024 1:34 PM
44	Stop selling off the big parcels of frigging land! Jesus I hate these big companies coming in and putting the same cookie cutter homes in there and then we have to listen to a bunch of transplants saying "we want sidewalks, we want street lights." NO KAREN, move back from	1/26/2024 8:29 AM

whence you came and live your life. Here we play flashlight tag in the dark and watch the stars twinkle at night. In the summer we can see millions of fireflies because we don't have those damn streetlights. We don't need sidewalks - hell we didn't need to bike lanes either. We need timely response to snow and rain events that put homes and members of the community in peril. We need to stay small and let all the city slickers stay slick in the city. Otherwise our little community with that small country living gets stupid!

45	A community that provides access to services so that people do not have to travel far for basic needs, and one that allows people to age in place	1/26/2024 8:15 AM
46	Anything that reduces impact to the grid and environment, and can be easily maintained without high cost. Review existing infrastructure to be resilient to increase in extreme weather will reduce waste and cost in the long run.	1/25/2024 8:41 PM
47	Keep people interested and have things to do.	1/25/2024 8:18 PM
48	We need recreation facilities in this area	1/25/2024 6:42 PM

50	Our roads are good Maintain older buildings Help maintain senior homes	1/25/2024 5:10 PM
51	We really need a community grocery store.	1/25/2024 2:54 PM
52	A TAX REDUCTION SO WE CAN CONTINUE TO LIVE IN THE COMMUNITY. THE TAX INCREASE IS NOT SUSTAINABLE. WE ARE LOOKING AT THIRD WORLD OPTIONS BECAUSE OF IT. NOVA SCOTIA NAMELY EAST HANTS IS THE HIGHEST TAXED AREA IN THE COUNTRY.	1/25/2024 2:20 PM
53	Sustainability is have the infrastructure in the local area. Groceries, Recreational Facilities etc. Residents shouldn't have to drive 35-45 mins to Elmsdale or Windsor to exercise and try to stay healthy. It contributes to big gas prices etc. Mental and Physical health should be a huge consider when communities are developing faster then infrastructure.	1/25/2024 2:18 PM
54	Sustainable use of resources, and being respectful of the environment. Manage development appropriate, monitor lakes and water ways, encourage connectivity	1/25/2024 1:43 PM

59	Sustainability means not overcrowding the community and ensuring infrastructure keeps up with demand. A piped in water supply and a proper sewage system would help attract business.	1/24/2024 11:40 PM
60	Sustainability is growing our community compromising our natural environment (air, water, noise etc.). Our lakes (water quality, natural habitat, fauna and creatures) need to be protected and enhanced. Consider reasonable limits on watercraft size, type, and motors; enforcement of water setback rules etc. to keep our lakes and waterways healthy and sustainable. Our forests and trails should be looked after. ATVs seem to be very destructive - sometimes driving in wet areas that just do not seem to recover after many years; this needs to be addressed - not sure how. It would be great if we could be assisted in doing what is best for keeping our community sustainable e.g. how to make our community friendly for Loons and other wildlife. More education in this respect may be helpful.	1/24/2024 10:04 PM
61	Again economic development, not large business being brought in here. Less mining and industry if people are moving here and better city planning	1/24/2024 7:59 PM
62	Creating a community that is for the benefit of all, not just some. I'm not sure how it could be implemented. We are spread out here and rely on vehicles.	1/24/2024 7:50 PM

66	Better roads, less truck traffic, transit route to cut down on traffic. Our community is growing and the amount of taxes that we pay does not seem to go back into our community, it seems as though it has been going to Elmsdale and lanz. We need it here.	1/24/2024 4:28 PM
67	Maybe limit the amount of subdivision taking up animals habitats	1/24/2024 4:11 PM

97	Balanced budget and some money on hold for emergencies. Wait, are you talking about the environment here as this isn't clear in the question. I would learn towards more of a plan that would affect the environment the least. I am here to <u>_not_</u> be in an urban hellscape.	1/23/2024 10:03 PM
98	Spend government money wisely for higher quality services that will actually make a difference.	1/23/2024 9:59 PM
99	It is a buzz word that allows councillors and municipal staff to feel better about themselves. We want high quality services for a fair price. Sustainable to me is affordable and not a one year flash in the pan that won't be maintained.	1/23/2024 9:55 PM
100	A happy medium of more housing while keeping a few acres of land and trees for each property.	1/23/2024 9:51 PM

104	Road improvements along main routes. It is becoming unsafe	1/23/2024 9:04 PM
105	Reduce, reuse and recycle. Being mindful of the services and products being used within the community. There appears to be a number of quarry's operating in the area. How closely are these operations being monitored? There should be water testing for those in nearby areas. If the quarry has more negative than positive results then it is not sustainable in my eyes.	1/23/2024 9:04 PM

112	Travel. The majority of people who work, work outside of the community. A bus service to HRM to save on fuel. More community celebrations.	1/23/2024 8:13 PM
113	Sustainability means not cutting down all the forests to build subdivisions full of houses stacked one on top of the other. It can be implemented by not building subdivisions in the community.	1/23/2024 7:48 PM
114	Sustainability means lasting years out. Keeping lakes/water clean, not clear cutting. The quarry is a nightmare to think about the expansion planned. The blasting felt in Lakelands!!!	1/23/2024 7:40 PM
115	It means that the community is able to grow and evolve with its people over a long period of time. More planning will help.	1/23/2024 7:37 PM

125	sustainable means something that will go on for years - if we create more jobs, better roads to travel we will have the income to stay in our community - Wentworth road needs to be paved, South Rawdon needs to be paved - - preserve nature as that is why we live out here - no huge developments - no clearcutting - small developments	1/23/2024 7:01 PM
126	That life is easier for everyone and able to sustain and provide for their family's	1/23/2024 6:54 PM
127	We need the services that a growing population requires that they can access in their community without travel to another community like grocery store, bank, a take out food service. Taxi	1/23/2024 6:48 PM
128	Sustainability means it will last. We need facilities that all can use.	1/23/2024 6:44 PM
129	Means I can function with my daily living within my community, like walking to get groceries, be able to get my medications, reach my fitness goals, have child care. If we had sidewalks it would help for those right in Mount Uniacke. We need more of these listed above	1/23/2024 6:36 PM
130	It means we put the pieces in place today to make it easier on ourselves later. That way maintenance is cheaper, stewardship is easier, and access is easier.	1/23/2024 6:34 PM
131	A well planned community	1/23/2024 6:27 PM
132	For me it means maintaining our rural lifestyle while welcoming new opportunities in the community that last. Community involvement is difficult to harness Herr. It needs to be something the community really wants first and foremost with commitment to make it happen.	1/23/2024 6:24 PM
133	More police presence	1/23/2024 6:22 PM
134	Preserving our forests in the areas and keeping bigger pieces of land to keep more trees instead of people.	1/23/2024 6:21 PM
135	Big question. I worry about the sustainability of our lakes. With climate change and an increase in people building on waterfront lots there seems to be a big issue with blue green algae. People are getting away with clear cutting to the waters edge, more education needed for land owners and excavators about preserving shorefronts.	1/23/2024 6:20 PM

145	Not sure how it can be implemented, but solar power is a big one. When the power goes out here, so does the cell service, which is completely unacceptable this day and age, especially considering that is when we need cell service the most - in case of emergencies. A way to implement home or community gardening incentives to help with food sustainability in our communities.	1/23/2024 6:01 PM
146	Through better use of building materials.	1/23/2024 5:56 PM
147	Making better use of what we have, sharing resources/ideas,	1/23/2024 5:54 PM
148	Sustainability to me means being able to both access resources and support community businesses and initiatives while also focusing on being environmentally conscious. Mount Uniacke has very limited resources within the community or provincially funded resources such as the library which is wonderful but has very limited hours. We have no sidewalks so community members can no easily walk anywhere. We have no community center so everyone has to commute into other communities for any type of activity (sports, arts, music, workshops, gym, etc)	1/23/2024 5:54 PM
149	Something long lasting	1/23/2024 5:49 PM
150	System and processes that support themselves , are viable and good for environment. Not sure how to implement	1/23/2024 5:42 PM
151	The reliance on needing to have a car is the biggest drawback to sustainability. I wish I had a bakery and a cafe and grocery that i could easily and safely bike to.	1/23/2024 5:31 PM
152	Designate and Maintain green spaces before developers take it all away	1/23/2024 5:29 PM
153	It is difficult in a rural community to pay for amenities. Whatever is created has to be sustainable with private and tax funds.	1/23/2024 5:28 PM
154	Public charging stations at the library and firehall.	1/23/2024 5:24 PM
155	Environmental friendly.	1/23/2024 5:24 PM
156	??	1/23/2024 5:24 PM
157	It is super important to me. I think it can be implemented with more community clean ups or bottle drives that get more attention. Businesses around the town can also use local bottle-less water coolers to save on water.	1/23/2024 5:22 PM
158	Sustainability indicates "safety" to us re: walking along the Highway #1. It would be great to have sidewalks along one side of the Hwy 1 to help people to avoid possible injury or death while walking along the edge of the paved road without sidewalks. Also, with a future crosswalk placed by the skateboard park and the existing crosswalk which is in place opposite the Post Office it would be great and very advantageous to have the crosswalk flags made available at these two Highway 1 crossings.	1/23/2024 5:20 PM
159	Sustainability means responsible development. Just more suburban sprawl is not sustainable. We need to ensure we retain the natural beauty around the lakes where there is development and proposed development. Allowing an expanded quarry does not contribute to a sustainable community.	1/23/2024 5:12 PM
160	Services directly in our community that are maintained and consistent	1/23/2024 5:10 PM

163	Transportation is a start. Jobs that are local. Bring more life to the industrial park. Cheaper places to lease for small buisness owners.	1/23/2024 4:57 PM
164	Make it an appealing place to live	1/23/2024 4:35 PM
165	I would love our community to grow slowly so we don't overwhelm the few resources we have and to not overwhelm our community school. I would love our lands, mostly wooded areas to stay and not be loaded up with subdivisions.	1/23/2024 4:31 PM

168	Constant growth-Expanding demographics, housing development, business development	1/23/2024 3:53 PM
169	Leave things as they are. The development of Long Lake should never have happened. Only folks with money have access to the lakes. The water in The Mount sucks but hey let's develop and pollute the only pristine lake we have.	1/23/2024 3:51 PM
170	More medical care and affordable housing	1/23/2024 3:51 PM
171	Sustainability means consistency. We can add sustainable resources but we should not be looking to grow our population, make ourselves too desirable of a community, or cut down forests for city industry	1/23/2024 3:48 PM
172	Keep pace with the growing community size. It's hard to plan for growth because you don't have the income but I'd hate to see us like Bedford who are 5-10 years behind their population.	1/23/2024 3:43 PM
173	no more quarries !	1/23/2024 3:41 PM
174	that you have the right resources to properly manage needs of existing population now and in the future (with growth). To do this, it starts with a long term plan....that states who Mount Uniacke want to be in 10,20,100 years....and then everything you do (building projects you approve or not, infrastructure you add, etc....) is all in line with the long term plan. We are 30 minutes from Hfx. Huge potential to be a desirable community for all ages....but you need to start the plan quickly. Some are already saying no to moving to the area because of the quarry and planned expansion. That's a huge mistake by the community leaders to allow that. The loss of population, associated development, taxes, growth etc, far out weight the short term financial gain for Mount Uniacke by approving that quarry.	1/23/2024 3:29 PM
175	Helping build up our community while protecting/respecting our natural resources	1/23/2024 3:27 PM
176	Provide community members with affordable, easily maintained amenities, that will be utilized for generations to come.	1/23/2024 3:25 PM
177	Growth	1/23/2024 3:19 PM
178	I feel sustainability could be accomplished by building the community to a point where we don't have to always drive 35-40 minutes to the next community for essentials and leisure.	1/23/2024 3:18 PM
179	More opportunities to get out of our vehicles. Public transit into at least Sackville.	1/23/2024 3:04 PM
180	Not being detrimental to the purpose, and ideally simple upkeep. More self reliant.	1/23/2024 2:55 PM
181	A sustainable community to me means that you can access any services you require within your own community. I do not feel that way now nor have I over the last 13 years living here. My daughter plays ringette in Sackville, swimming lessons in Sackville, Sunday school in Sackville, dance class in sackville, skating lessons, art lessons, the list goes on! Eye dr, dentist, physio, family dr, blood collection all services we have to access outside our community.	1/23/2024 2:53 PM
182	Programs / services or supports that can be sustained without on-going government investment / funding. The on-going costs need to be supported through user fees or other sources of funding.	1/23/2024 2:30 PM
183	Sustainability means to thrive and be able to survive in our own communities without having to travel to other parts of the province for jobs, goods and services.	1/23/2024 2:28 PM
184	Access is part of sustainability- currently our community is growing and roads are getting busier. An exit off hwy between 3 & 4 would help so many people. Bus services would also be a phenomenon and necessary contribution to the community if we want more options.	1/23/2024 2:24 PM
185	Transit	1/23/2024 1:49 PM
186	Meeting our needs without compromising future generations	1/23/2024 1:46 PM
187	Looking for our future generations. Upgrades to infrastructure	1/23/2024 1:44 PM
188	Being able to meet our own needs without impacting the future.	1/23/2024 1:35 PM
189	Sustain means to grow physically and mentally, to develop. It's hard to currently have sustainability when we have nothing to sustain.	1/23/2024 1:34 PM

Uniacke Land Use Survey

190	To be it means the ability to support over a long term. If facilities ect are added to the community, it needs to be something that can raise money or is fully funded in order to sustain it. There are enough drains on the community already, we don't need more.	1/23/2024 1:32 PM
191	The ability to maintain and support a community. This is an ever growing population. We need a rec centre with pool to support our growing population. There are no indoor areas to support our youth and help keep them out of trouble.	1/23/2024 1:31 PM
192	Keep it low density.	1/23/2024 1:28 PM
193	A community that continues to grow.	1/23/2024 1:28 PM
194	More amenities	1/23/2024 1:02 PM
195	Preserve green space within community development	1/23/2024 12:56 PM
196	More funding for upkeep of what we have, grants for the small businesses in the area, upgrading to keep up with the growing population	1/23/2024 12:54 PM
197	The ability to maintain something. Uniacke is a small community - large chains/franchises will likely not be welcomed or supported by the community but we need to stimulate our economy to maintain our community - small business is the key to this problem. Further more - our community is aging, young people can't afford to live here - there is no public transportation, housing is unaffordable, there isn't much to do - our community needs to be more accessible to younger people.	1/23/2024 12:51 PM
198	Don't know	1/23/2024 12:45 PM
199	Lowering taxes so people can afford to make sustainable investments in their own properties...	1/23/2024 12:44 PM
200	not sure would have to think about it more.but with community growing infrastructure needs to keep up.	1/23/2024 12:43 PM
201	Development while preserving the rural setting.	1/23/2024 12:39 PM
202	Sustainability meets the needs of the community while reducing their impact on the environment. Budget needs to be provided to the area in every budget. We are so far from east Hants town centre that we're often forgotten about. The community is growing and is an option now to those who can't afford HRM homes. We need to support the new and coming population and ensure we're providing spaces that allow people to appreciate their outdoor environment	1/23/2024 12:33 PM
203	I think we need to be respectful of nature and keep it in mind as we grow	1/23/2024 12:25 PM
204	Unsure	1/23/2024 12:23 PM
205	A business that believes in sustainability.	1/23/2024 12:16 PM
206	Sustainability means being able to use the resources we have wisely. Having electricity that isn't generated using fossil fuels would be an excellent start	1/23/2024 12:11 PM

28	For our governments to have locales where industrial operations such as aggregate quarries can set up shop that do not impose negative impacts on already established communities. This Province is big enough and the Province has lots of crown land they can lease or sell to these activities, far removed from disturbing the ecological balance of a community, its residents, and its environment, which includes waterways and their eco systems.	2/3/2024 9:39 AM

65	We need a high school and we need recreational facilities for all to enjoy.	1/24/2024 9:49 AM
66	I'm a big fan of small businesses and small farms. Food co-ops or a grocery store that brings in local produce and meat products. Help fund these smaller operations so they can support the community they are feeding but keep it on a small scale so we don't drift into the dangers/problems of industrial agriculture.	1/24/2024 9:16 AM
67	community center and recreation facility	1/24/2024 9:00 AM

74	Local grocery's and solar electricity.	1/23/2024 10:05 PM
75	Isn't this why we pay taxes? To get this figured out and be provided options with pros and cons to choose from. This is just lazy. Do your homework.	1/23/2024 10:03 PM
76	Grooming trails - for example old railway could be used as trail like BLT trail. Fix the ball field. Add soccer field.	1/23/2024 9:59 PM
77	Find ways for seniors to age in place in this community. Also your wetland questions are not yes or no. What do you mean by protect? I think some are neglected but in other cases it's beyond reason. I think we need common sense.	1/23/2024 9:55 PM
78	Widen sides of road on South Rawdon Rd to make safer for walking, biking. Have bike lane continue on #1 hwy btwn exit 3-4. Public transit meet up btwn Valley transit and HRM transit.	1/23/2024 9:51 PM

98	Not sure	1/23/2024 6:44 PM
99	Grocery store, sidewalks, child care, fitness centre	1/23/2024 6:36 PM
100	Opening up walking paths to things that don't run along the highway would be huge. If people could leave their houses and walk to services nearby it would increase engagement. I don't like to walk to the existing services because it means walking next to 70km/h traffic. Putting pathways off the road would mean more people walking. If those people walking were visible from the road, it would make the community look more active and therefore more attractive to live in.	1/23/2024 6:34 PM
101	Playing fields, group activities	1/23/2024 6:24 PM
102	Shuttle service	1/23/2024 6:22 PM

114	Inventives to go green. Use empty areas for solar farms to provide power when it's needed. If electric vehicles are sustainable, provide more EV charging (use the solar grid mentioned above). Work with the government to create green power incentives where every home is given	1/23/2024 6:01 PM

the tools to go fully green. This includes solar power, gardening, compost, etc. Everything to be fully self sufficient and sustainable. We live in the country here and have access to yards that should be utilized to help us become more independent. There are programs in other, less populated and more outdated provinces that are doing this. Why not here in Mount Uniacke? The city is branching out into our location. We need better resources and more community, because there is neither. The population is growing and infrastructure cannot keep up. We need to find a way to become self-sustaining, and the government needs to help us do that if they want people to stay in the province. Nova Scotia is taxed like crazy. Our wages are low. And people can't afford to stay here. There needs to be more activities within the community, easier access to become self-sufficient and sustainable.

115	The rail line that is abandoned needs to become a linking trail.	1/23/2024 5:56 PM
116	Link to public transit? We have great parks and lakes - make better use of the public areas. Swim lessons at one of the lakes in the summer? Boating (Canoeing, kayaking, etc.) loans and/or lessons? Outdoor activity loans (snowshoes, skis, basketballs, etc.) - anything to encourage use of what is already here rather than driving elsewhere for activities	1/23/2024 5:54 PM
117	Longer library hours Fixing existing fields or creating ones with donated land (already given) to create a soccer field, a new baseball field, etc). Have side walks	1/23/2024 5:54 PM

122	Speed limit signs; safer walking conditions along the highways which run parallel to deep ditches; electronic speed signs that remind people of the actual speed limit and also can take photos of the license plates of guilty drivers - along Highway 1 through the entire village of Mount Uniacke (especially by the school) through to Exit 3 by the Irving.	1/23/2024 5:20 PM
123	We need a much slower speed limit on the highway. There are so many people living along the highway and there is no real way to walk safely on the highway. This community is just people in their cars going from home to work or maybe to the school etc. everyone has to drive everywhere.	1/23/2024 5:12 PM
124	Outdoor fields, community center for events, places for youth to go like the Den in Sackville but in our community (youth hangout and supports)	1/23/2024 5:10 PM

129	The bike lane on the #1 that should have been in ages ago, a bike lane on East Uniacke would be nice but get the railway turned into a trail. That's easy low hanging fruit. Start by paving our road and making it passable by car let alone bike.	1/23/2024 10:00 PM

166	More paths. Everywhere. Don't do bike lanes on the highway, they won't be respected and people won't use them. If I could bike into Sackville though? And if there were shops along the way? That would be incredible.	1/23/2024 6:36 PM
167	More walking and biking trails and some paved trails	1/23/2024 6:29 PM
168	Roads that have room for biking. I live on East Uniacke Road and am terrified to ride my bike here...speed, absolutely no decent shoulder. Same can be said for walking. A walking track around a soccer field would be nice. A safe place to be able to bike within my community.	1/23/2024 6:28 PM

180	Indoor walking area would be great	1/23/2024 6:07 PM
181	Side walks would be nice	1/23/2024 6:06 PM
182	Sidewalks would be a great start. It's not possible to walk the roads safely as there are no sidewalks at all. This alone makes the option of walking down the road a very limited one. Walking and biking trails that are scenic and not just through the first would be a nice addition. By the golf course, the old train tracks, etc.	1/23/2024 6:06 PM
183	I door walking and more walking hiking trails	1/23/2024 6:04 PM
184	A trail similar to the Rails and Trails in St Margaret's Bay	1/23/2024 6:04 PM
185	Obtain the rail line and convert to a recreation trail. Biking lanes on more streets.	1/23/2024 6:04 PM
186	We have some great trails, but they could be made more accessible - nature is great, but so is accessibility for people using mobility aids, strollers, etc. Even a loop around the playground area in Mount Uniacke, as an example, that people could walk around while children play, push the strollers around - we don't have sidewalks so there aren't many safe places to walk. If we could get a community centre, consider including an indoor walking track.	1/23/2024 5:59 PM

235	More	1/23/2024 3:00 PM
236	Accessibility is key, and right now many of our trails aren't accessible for diverse needs or capacities. Four seasons living- renting of snowshoes and skis, bike rentals would be nice, a flat surfaced track	1/23/2024 2:58 PM
237	I walk East Uniacke road as I reside off of it....the shoulder of the road barley gives me enough room to get out of the way when cars pass. Not needing sidewalks but a shoulder to walk on safely would be nice on main roads. Lights on our roads would be nice to see at dark along with lights at our hwy exits on the 101.	1/23/2024 2:56 PM
238	Bike paths do not exist here and that means kids don't have options to ride to school. Trails are not an option for riding and walking isn't even possible on the main roads. A pedestrian and bike path along Evangeline trail would help better connect people to places they want to go and provide a safe way to get out and walk their dogs.	1/23/2024 2:28 PM

#	RESPONSES	DATE
1	better roads,	2/23/2024 11:15 AM

7	less traffic, more public transit options when I lived in Saint John NB there was the comex bus line that connected the suburbs to the city transit lines.	2/22/2024 5:55 PM
8	I AM RETIRED	2/22/2024 3:13 PM
9	Plowed roads with no pot holes and missing pieces of pavement that destroy my car.	2/15/2024 11:30 PM
10	Like it does now, I work in my small community	2/13/2024 8:48 PM
11	On my bike .. I work all over HRM .. when possible I cycle ...	2/11/2024 6:11 PM
12	Less traffic and a spot to stop for morning coffee that isn't in Halifax.	2/11/2024 12:33 PM
13	I carpool with 2 others to work in Halifax every day. Like most in this community I work in the city. More public transportation options to and from the city would be desirable I'm sure.	2/11/2024 11:47 AM

22	We need a new highway exit/entrance to our community and need to reduce the heavy truck traffic from the gravel pits in our community.	2/5/2024 5:22 AM
23	Properly paved roads and properly maintained roads in the winter	2/4/2024 8:55 PM
24	Working locally, in Mount Uniacke.	2/4/2024 11:12 AM

31	Bus system	2/3/2024 2:07 PM
32	Commute from this community is not the problem it is once you get closer to Halifax/Dartmouth that the traffic is bad. Maybe a bus direct to the city could be helpful	2/3/2024 12:14 PM
33	I commute to Sackville and grab a express bus Metro would not be sustainable from the mount	2/3/2024 11:49 AM
34	Less than 30 minute drive	2/3/2024 11:45 AM
35	It would be nice if metro transit came even as far as the car park or Irving	2/3/2024 11:17 AM
36	My commute is fine as it is...all highway...need something better at the Irving intersection	2/3/2024 10:47 AM
37	Bus routes	2/3/2024 10:17 AM
38	Not waiting forever to turn on to hwy 1 from etter Rd because the traffic is constant with no breaks. We need a round about, stop light, or 4 way stop.	2/3/2024 10:10 AM
39	I'm retired now, but when I did work in the downtown core of Halifax. It would've been nice to have had a community transit system with ample stops throughout the Village and maybe one at the park 'n ride area, the one that currently exists across from the Irving adjacent to the entrance to Hwy 103 into Sackville to catch a connecting bus either through Sackville or into Halifax.	2/3/2024 9:45 AM
40	The only thing that would improve the commute within the community would be a roundabout by the Irving to facilitate faster traffic flow there. It's the only bottleneck.	2/2/2024 1:54 PM
41	Biking trails connecting East Uniacke to Mount Uniacke/ school/Esso	1/31/2024 9:35 PM
42	Public bus from Mount uniacke. the stop could be across from the Irving, where there is already a car pool parking lot for people.	1/30/2024 2:05 PM
43	15-20 minutes max each way	1/30/2024 12:25 PM
44	An express bus into sackville	1/30/2024 9:15 AM
45	5 minutes but that's not the reality of living outside the city. Better roads and maintained roads. East Uniacke rd is a joke. The plowing in the winter is terrible, and it's a heavily used road with a lot of construction vehicles. Dangerous driving on it in any kind of weather. Just some white lines painted on the inside would be so helpful for visibility.	1/29/2024 4:49 PM
46	The same, but slower through residential areas	1/29/2024 2:52 PM
47	Public transit connecting to HRM buses would be incredibly beneficial for commuting in a more sustainable way.	1/28/2024 5:04 AM
48	We moved here from HRM in advance of retirement, which is still 4-5 years away. Our ideal commute is retirement 😊	1/27/2024 2:00 PM
49	For there not to be one, my office is in downtown Halifax. Now that we finally have high speed internet, I don't have to go everyday. Make sure high speed internet is part of all new expansions. Others may want parking and a transit link into Halifax, I just see that being a nightmare. Having used transit from Sackville to Downtown, there are way too many 3+ hour trips to or from work.	1/27/2024 1:39 PM
50	Short commute	1/26/2024 7:06 PM
51	I am retired so not commute for me right now.	1/26/2024 6:30 PM
52	Bus to downtown halifax	1/26/2024 4:54 PM
53	a bus to sackville	1/26/2024 9:56 AM

117	My job is not typical 9-5 so my commute is fairly good, going from South Rawdon Rd to Dartmouth, as I do not encounter rush hour traffic. One extra exit ramp btwn exit 3-4 leading up to Hwy 101 would be ideal as it would shorten the commute.	1/23/2024 9:56 PM

153	Better road surfaces/maintenance. More winter maintenance.	1/23/2024 6:28 PM
154	A new highway ramp around the lakelands area. There is a very large distance between the mount uniacke exit 3 and st croix exit 4, there should be another ramp. To get to the exit 3 from Lakelands you have to commute over 15mins just to get to the highway and it's 80km/hr down to 70km/hr down to 50km/hr then through school zones and businesses. There is starting to be a lot of traffic and an increase in accidents due to no turning lanes (ie Mabel's farm	1/23/2024 6:25 PM

234	Properly maintained roads so I'm not afraid for my life when I leave in the morning. The condition of the roads is deplorable. The salt trucks are clearly doing their or their buddies roads as I see them leaving East Uniacke/Etter road and doing roads with a single home on them. When they plow, they plow the center line and not the lanes.	1/23/2024 12:12 PM

90	Nova Scotia's charm comes from it's small town feel. Lunenburg, Mahone Bay, Kentville, Wolfville all have a historic feel while also keeping room for small businesses to update and provide offerings to the area. I think it's most important to encourage small businesses to thrive as corporations often ruin the charm of the small town.	1/24/2024 9:20 AM

37	people would like access to the lakes. developement is gobbling up lake acceses. it should manditory that spaces be left for the public. it was thought that there were always two acceses to every lake but they seem to have to disapeared with development. we would desire that this be addressed and and made known publicly and not be in the most misserable parts of the lakes. it makes hard for people with disabilities to use the lakes. the one access that was promised by the developer of long lake developments is only good if you are a billy goat and few can find it. Perhaps limiting the developement around our lakes in Uniacke should be considered as they are being gobbled up buy private buyers .	1/26/2024 10:23 AM

90	Efficient	1/23/2024 10:07 PM
91	Seriously? Design features? I dunno, maybe a skate park with a parking lot... or at least parking that isn't on the highway? There is so much room here.	1/23/2024 10:07 PM
92	We like the layout that Forest Lakes has with some safer off-road walking trails. It would be very nice if any other subdivisions get built near water that a public area be made accessible for use (for paddle boards or just having waterfront to enjoy). A public boat launch would be useful.	1/23/2024 10:07 PM
93	Better roads and neighbours keeping their property well maintained and clean.	1/23/2024 10:05 PM
94	Infrastructure for the business park to grow and services to improve. Grocery store, Tim Hortons shouldn't be running out of water. Bricks shouldn't be falling off the school. We should have a proper sized gym and good sports fields. I'd love an outdoor rink but I doubt mother nature would allow. One of those cheap domes to keep cold in maybe. Just anything to serve people here instead of going to Sackville	1/23/2024 10:03 PM
95	A more compact town centre - shops and services in one walkable area	1/23/2024 9:41 PM

105	At least some sort of effort by those who are in decision making positions. Easy Hants covers a large area but make no mistake, amenities are localized to one area and our taxes pay for them.	1/23/2024 8:16 PM
106	The Lakelands rod iron signs were lovely but not maintained. I took one down, painted it myself and paid to have new letters applied. I will get it back up in the spring. Attention to small details will go a long way. The signage into Mount Uniacke is lovely, carry that theme throughout. Getting a promotion or encouragement to upgrade personal properties would also be a win. (At least care for what you have)I have seen this work out in BC. Could have a community group to help others out like busy families or seniors. An exit from the 101 to Forrest Lakes. Then the golf course to be finish with events at the club house!! I would really love that! Given that is in West Hants, maybe a combined effort with them? Our mail boxes are in West Hants now anyway!	1/23/2024 8:03 PM
107	No new subdivisions.	1/23/2024 7:52 PM

112	Just keep it as is, maybe a few more trails and locally owned shops etc. Just do not make it more city like please. Makes everything awful.	1/23/2024 7:17 PM

127	More pedestrian friendly	1/23/2024 6:19 PM
128	An updated school to match the influx of students would be great. We are a fast growing community with nothing but the kind people to offer.	1/23/2024 6:17 PM

133	No apartment buildings.	1/23/2024 6:07 PM
134	I don't know	1/23/2024 6:05 PM
135	As mentioned before, things that help us make better use of what we have here - clearly marked/accessible trails and paths to public areas including parks and lakes, availability of equipment (sports/activity equipment, etc.) and activities locally, possibly standardized signage requirements so that signs (like the billboards near the #3 exit) don't take away from the natural beauty while still being able to promote their businesses, community centre	1/23/2024 6:04 PM
136	Promotion of the people and groups that make it great.	1/23/2024 6:00 PM
137	Cohesive design. Let's bring some charm to mount uniacke.	1/23/2024 5:48 PM
138	More businesses	1/23/2024 5:41 PM
139	There needs to be a few things in place that bring the community together. I mentioned a dog park, a theater space, a community market space. These things bring people together and and improve the quality of life.	1/23/2024 5:35 PM
140	More night life and transportation	1/23/2024 5:35 PM

155	open spaces in hub areas - meaning that in more congested areas of the town, ensure 10% is always left for green space for example. Make it mandatory for any NEW development to include buried telecommunications and power lines. Also ensure they build drainage by roadside (not ditches) and have sidewalks. Create building standards so they is a consistent look and feel to the community. Enforce existing bylaws (not done today)...for example, they are 38 signs on side of road by Irving at exit 3...what an eyesore. Its against bylaw but not enforced ever. Do better.	1/23/2024 3:57 PM

160	More amenities for the kids in our area. A soccer field where everyone could watch...not down a steep embankment. A rink so they don't have to travel. Our community needs more street lights. My street is lacking where I live. I would probably walk later but with no lights near my house I don't walk at night.	1/23/2024 3:30 PM

182	Better access to amenities, parking. More recreation activities availability	1/23/2024 12:51 PM
183	A splash pad would be so nice for the summer. I don't trust flakes, and I am not a Lake person because of the fear of unknown.... Last year I had my kids at the Uni house, and I couldn't tell if the water was foamy or not so we were too scared to let them swim in it....	1/23/2024 12:49 PM
