RE: Fire Advisory Committee Report to Municipal Council

1. FIRE DEPARTMENT RE-REGISTRATION: BROOKLYN

In June 2024 when Council approved the fire department re-registrations, we had not received the form from Brooklyn. As part of motion C24(201), Council approved the Fire Advisory Committee to review the application when it came in and make a recommendation to Council. Brooklyn's application form has been received and reviewed by the committee.

The Fire Advisory Committee recommends that Council approve the annual registration for the Brooklyn Volunteer Fire Department.

As Chair of the committee, I so move.
