Project Title: Relocating the Walton Lighthouse due to coastal erosion in the Municipality of the District of East Hants, NS
Application Number: LLCA-24-0161

Dear Mayor Eleanor Roulston and Members of Council

Thank you for submitting an implementation project application to the Federation of Canadian Municipalities' (FCM) Green Municipal Fund (GMF). Please be advised FCM has completed an analysis of your submission, and it was determined that your proposed project did not meet our approval thresholds and therefore your proposal was not selected for funding.

While we are unable to support your proposed project with GMF funding, we invite you to explore the tools and resources offered through GMF capacity development. We seek to share the information and experience gained by municipal leaders through GMF-funded plans, studies and projects in each sector of municipal activity supported by the Fund. We can equip you and your organization with information, training, and governance and operational tools to help meet your sustainability goals.

If you are interested in learning more about our GMF Capacity Development, please visit our website at <https://greenmunicipalfund.ca/resources>.

For further information about the results of our analysis or the application process, please feel free to contact Isabelle Pitre, Manager, Funding, (Adaptation in Action), at 613-907-6360 or by email at ipitre@fcm.ca.

Thank you for your significant effort in preparing a proposal to GMF. We encourage you to apply in the future should you wish to undertake another initiative for which GMF funding is available.

Sincerely,

A handwritten signature in black ink, appearing to read "Isabelle Pitre".

Isabelle Pitre
Manager, Adaptation in Action, Green Municipal Fund
