Dear Kim:

Re: Request for Sidewalks and Crossing Guards

Chignecto Central Regional Centre for Education (CCRCE) were advised recently of a proposed development impacting PID 45086980 on Church Street in Lantz.

According to the EECD school bus policy, busing is provided for elementary students (Pre-Primary to Grade 6) who live more than 1.6 km from their school, and for middle and high school students (Grades 7 to 12) who live more than 2.4 km away.

For students living at PID 45086980 and attending Maple Ridge Elementary School (1066 Highway 2, Lantz), this means they would be expected to walk using available pedestrian infrastructure. However, a review of the Transportation Impact Study (TIS) by EECD planning staff revealed that there are no sidewalks along Church Street, a provincially owned road, raising safety concerns.

CCRCE would like to request input from the Municipality to understand the possibility and impact of adding crossing guards to the route between this proposed development and Maple Ridge School.

Please feel free to reach out to me if you have any further questions.

Sincerely,

Christopher A. Zwicker
Director of Operational Services, ZwickerC1@ccrce.ca
