Honorable Fred Tilley
Department of Public Works
2nd Floor, Johnston Building
1672 Granville Street, P.O. Box 186
Halifax, NS, B3J 2N2

Dear Hon. Fred Tilley,

The Municipality of East Hants is requesting that the intersection and other structural road improvements along Highway 2 and Highway 214, identified within the East Hants Corridor Traffic Study (2024) be added to the 5-Year Highway Improvement Plan.

As per Council motion C25(160), the Municipality is seeking capital road improvements along Highway 2 and Highway 214 within the communities of Enfield and Elmsdale, due to the overall deterioration of these road locations which has worsened in the last several years. Where there are several long-term improvements identified within the Provincially led report, completed by GRIFFIN transportation group inc., it would be the most cost-effective approach long term to incorporate a number of improvements at the same time as dealing with the overall poor state of the current road conditions.

Your consideration on this matter would be appreciated and the Municipality of East Hants looks forward to working with the province on this critical transportation corridor.

Sincerely,

Eleanor Roulston, Warden
Municipality of East Hants

E: John A. MacDonald - MLA Hants East
