Dear Hon. Fred Tilley,

The Municipality of East Hants is advocating for long term road improvements for Lakecrest Drive, Mount Uniacke. Although this gravel road has recently been graded, the area residents have overall concerns with road safety due to the frequent deterioration of the road conditions.

As per Council motion C25(156), the Municipality is seeking a more detailed review by the province on the condition of Lakecrest Drive resulting in an action that leads to better long-term sustainability of good road conditions which promotes overall community safety and wellbeing of local residents.

Your consideration on this matter would be appreciated and the Municipality of East Hants looks forward to working with the province on this item and other opportunities for improvement as they arise.

Sincerely,

Eleanor Roulston, Warden  
Municipality of East Hants
