Dear Councillors,

Re: Shubenacadie Cenotaph

The motion to have a report for the first meeting in September, followed by discussion, was disappointing. But I get that a report is needed, first.

It is my sincere hope that the motion to restore our cenotaph to its proper place will come out of the September meeting, allowing time for it to be where it belongs for our November 11 ceremony. This is very important, as you witnessed by the presentation and support tonight.

I still don't know why all of this happened, but I have faith that it will be put right.

Regards
Pam MacInnis
