Kim and council members

I've been doing a lot of thinking lately. The arguments that were raised at the council meeting by the Shubenacadie community presenters were valid arguments especially one in particular. What will happen to the cenotaph if the Legion closes? It is true that we have been having financial issues for the past few years. We are not growing and our income has not been meeting our monthly expenses. The money we have will only last 3 to 4 years barring any unexpected expenses. Although it looks great where it is now, if we have to sell the legion the new owners may not want the cenotaph on their property. What happens then? It is for this reason I believe it should be moved back to its original location.
