Subject: Cenotaph move in Shubenacadie

To whom it may concern:

The recent relocation of the Cenotaph in Shubenacadie looks great and seems to me to be in a much better location.

I live in Lantz but attend Remembrance Day services in Shubenacadie every year . I purchase a wreath in remembrance of my father Willard Mac Phee and his 3 brothers Victor, Vernon and Carl who all were on Active duty in Europe during WW2.

The new location at the Legion branch is great as it provides a great area for Remembrance and gives the Children attending the elementary school a reason to ask questions about the Cenotaph and learn about the sacrifice that was paid for the rights and privileges we all take for granted.

A great many people that I have spoken with like the change and support it.

A few dissenting voices should not decide the issue. It is always easy to hear from people against an issue but the silent majority should not be discounted.

I would appreciate an acknowledgement that Council has viewed my comments.

Thanks

Brian Mac Phee
