Subject: Shubenacadie Cenotaph

I am sending this email in regards to the removal of the Cenotaph. I have lived in Shubenacadie most of my life and the Cenotaph was always in the middle of the village on main Street for all to see as they went through our village. I do have family that have fought in both the first and second world wars and that is the place I go to remember those that lost their lives for us. Also I now have a son serving in our Canadian armed forces ,he has been over seas already and could go again any day,I pray I will never have to go to the Cenotaph to honor his memory from fighting for Our freedom. On November 11th I will be where I have gone for as long as I can remember to honor the fallen and those who still serve,Main Street Shubenacadie where the Cenotaph should be. Lest We Forget!!
: Mom of a soldier... Carol Conley. . .Kim would you please see all counselors receive this email thank you

Yours sincerely
