Subject: Fwd: Re: have a look at this

Our community requires assistance in stopping this quarry expansion. (read info below)

Our community has arranged for a community meeting at the Royal Canadian Legion here in Mount Uniacke and we would be very pleased to have a representative - or more - from our council and the Municipality of East Hants to join us and to share this information release with our community.

The Community meeting is set for **October 15, 2025** at the **Mount Uniacke Legion** - (Lower Level) at 6:30pm.

We would be very pleased to have you come out and listen to our collective request to STOP this quarry from expanding / continuing in our community.

Thank you in advance.

A very concerned citizen.

Rosanne Bland,

Volunteer Editor
