Subject: RE: Road Conditions

Dear Warden Roulston, thank you for your letter, dated September 9th, 2025, to NSFM President Pam Mood regarding road conditions and insufficient funding. Your letter was shared with the NSFM Board of Directors at their October 3rd meeting. The issue of funding and funding formulas for road maintenance across the province is a priority for the next stage of Service Exchange Renegotiation and MGA Review (SERMGAR) discussions with the province. This issue was added to 'Schedule A' of the MOU signed in March 2024 and we anticipate a new round of engagement with the province soon. We will ensure that East Hants, and the membership-at-large, is kept apprised of developments.

Please feel free to connect with me if you have any questions.

Dani
