Susan,

As you know, there is a staff report going to Council next Tuesday regarding the future responsibility of the monument. We are doing our best to get the monument moved prior to November 11<sup>th</sup> however, as you can appreciate, not all factors are within our control.

Regards,  
Kim

Good afternoon,

Just inquiring to see what the status is on getting the Cenotaph moved back to his place in the Village by November 11th?

I've been getting quite a few inquiries so thought I'd check.

Regards,  
Susan
