Re: Council Familiarization Tour - Rural Locations

---

### Council Familiarization Tour - Rural Locations

In November 2024, Council passed motion C24(405) to approve booking two separate dates for Council familiarization tours with one tour specific to the corridor region and a second date to tour rural areas in East Hants.

The tour of the corridor region was held on June 13, 2025 with municipal water/wastewater treatment plants, various developments, the Waste Management Centre, municipal facilities and municipal infrastructure included as part of the tour.

A date has not yet been determined for the second tour date focusing on the rural areas, shore region and Mount Uniacke. Many tourism locations are closed at this point in the season, including Burntcoat Head Park and Fundy Tidal Interpretive Centre.

### Staff Recommendation

Staff recommend that Council select a date in May 2026 for the familiarization tour of the rural, shore and Mount Uniacke regions in East Hants.

### Alternatives

Council may choose an alternate date.
