**RE:** Parks, Recreation & Culture Committee Report

---

The Committee held its regular meeting on October 21, 2025 and the following motion is coming forward as a result of that meeting:

**1. MOUNT UNIACKE SPLASHPAD**

Staff presented a report after Council requested that staff explore the feasibility of establishing a splash pad in Mount Uniacke. Staff reviewed system types, water availability, operating models and potential locations. It was noted that no municipal property currently has sufficient well capacity at this time.

The Parks, Recreation & Culture Committee recommends that ***Council advise staff to keep splashpads as an option for recreational development in the Mount Uniacke area on lands that are considered feasible.***

***As Chair of the Committee, I so move.***

**2. COMMUNITY GRANT PROGRAM FUND**

Staff presented a report that the Community Grant Program had fully spent its allotted budget for 2025/2026 as of September halfway through the year. There will be continued demand for grants through this program.

The Parks, Recreation & Culture Committee recommends that ***Council approve up to \$12,000 from General Government Reserve be added to Community Grant Program budget to meet demand of this funding program for 2025/2026.***

***As Chair of the Committee, I so move.***

This concludes the report.
