Subject: FW: Shubenacadie Cenotaph - Seeking Community Consultation - Nov 11 2025

Hi Craig,

*I went to the Remembrance Day service today in Shubenacadie as we do each year.
Wanted to say I am very pleased with the turn out and the overall set up this year.*

I understand that based on a few people making a lot of comments the cenotaph will be moved back to its original site.

I ask you to take forward to the councillors on my behalf that a community consultation is the ideal approach before any further action is taken and any more tax payers money is spent.

I feel this year was the best turn out ever. The Legion right on-site provides shelter in case of rain. Seniors can be provided a chair from the building as needed.

Attached are some pictures from the event. Thanks for taking the request for a community consultation forward to council.

Thanks,
