Improve Planning, Training, Exercising, Response & Recovery

6

Planning and Preparedness Branch

7

Leadership for:

- **Nova Scotia Guard**- recruits, trains, and deploys community volunteers who want to support their community during an emergency
- **Resiliency Office** – builds provincial resiliency by working with government, municipalities and critical service providers to ensure up-to-date business continuity, risk assessment and emergency management plans are in place. Supports Nova Scotians to prepare for increasingly frequent weather events.
- **F/P/T and First Nation Inter-Governmental Affairs**
- **Modernized Disaster Financial Assistance Program** to support recovery after catastrophic events
- **Regulatory Framework and Standards** to improve emergency management in Nova Scotia
- **Reviews/Studies and Research** – Example : Fire Services Governance Review which will also include fire fighter training, funding models, equipment and fire dispatch (Co-managed with DMAH)

Nova Scotia Guard Network

Legislative and program areas-Update

Public Alerts:

- Exploring Alertable App which extends the reach of alerts to anyone with a Wi-Fi connection
- Conversations are underway with Alberta to adopt their alerts portal and training program. Municipalities will have access to access policies and training materials.

Fire Dispatch:

- Comprehensive review by Fire Services Association of Nova Scotia will include fire dispatch and training. The report is expected in the Fall

Vulnerable Persons Registry:

- Consultations with CAOs Table

REOC/REMO Structure:

- Building incident command capacity at the REOC/REMO level
- Phone number for local residents
- When PCC activates to a level 2 municipalities in the affected area(s) also activate their local Emergency Operations Centres.

Modernized Disaster Financial Assistance Program:

- New Federal guidelines in effect April 1
- Need more information on program eligibility and what this means for Nova Scotians
