

After the Elmsdale tree lighting, I went to grab a hot chocolate at the Tim Hortons in Enfield. While waiting for my mobile order a family from BC was there who had only just moved to East Hants two years ago. They were waiting for their order after being served at the cash. They attended the tree lighting tonight and it was the first time they've gone. They loved it. And when I talked about East Hants, they said the community is what sold them on moving here. They didn't know about the parade and tree lighting for Enfield next week but now they do and are going to go. 😊😊😊
