Total Funding	\$ 96,000	\$ -	\$ 96,000	\$ -	\$ -	\$ -
Net Budget - Funded by Debt	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -

1. Project Summary

Routine replacement for the vehicle used for Bylaw Enforcement. This vehicle will also be upgraded due to the transition of dog control services back to the Municipality in the upcoming year. The vehicle will change from an SUV to a commercial van. This will also include the retrofitting of the vehicle to include a barrier between the front and back of the vehicle, and 2 kennels, which will provide a climate controlled environment for the humane transportation of dogs.

2. Project Objectives/Deliverables

- Prioritize renewal of aging infrastructure, meet new regulatory requirements and position the Municipality to provide sustainable services and accommodate growth.**
- Provide the Municipal Compliance Officer with a reliable vehicle to facilitate the investigation of bylaw complaints, and to provide dog control services starting April 1, 2026.**
- Vehicle replacement & upgrade scheduled as per Fleet Vehicle Policy.**

3. Which East Hants Key Strategy does this project align?	Sustainable Infrastructure
4. Is this project mandated by regulatory authorities?	No
5. <i>(For East Hants Water Utility projects only)</i> Was this project included in the last Nova Scotia Utility and Review Board rate review?	N/A
