Subject: Emergency Services Provider Fund

To Whom It May Concern,

This letter is to formally confirm the Municipality of East Hants' support for the Uniacke & District Volunteer Fire Department in their application to the Fall 2025-26 intake of the Regional Emergency Services Provider Fund (ESPF).

The Municipality recognizes the critical role of the fire service to ensure the safety and well-being of our communities. Council is pleased to support their efforts to secure additional resources through this funding opportunity, specifically, for a Structural Protection Unit (SPU). This project has been supported by all 13 fire departments within East Hants. With the impacts that Wildfires have made across the province and our communities over the past several years, we believe this will prove to be a very valuable investment to support fire suppression in the wildland urban interface.

Any questions can be directed to Calvin Byard (cbyard@easthants.ca).

Sincerely,

A handwritten signature in blue ink that reads "Eleanor Roulston".
