Dear Mayor and Councillors:

I am writing on behalf of the Chignecto Central Science Fair Committee. Each year we sponsor a regional Science Fair Competition for all schools within the Chignecto Central District.

We have four distinct categories for Elementary schools, Middle schools, Junior high and Senior high. Each project is judged by at least three independent judges. Prizes are awarded to the top three projects in each category.

This year the Science Fair will be held at the Pictou County Wellness Centre on March 25th, 2026. Top projects may be advanced to the National Science Fair that will be held in the last week of May 2026 in Edmonton.

It costs more than \$3000 per student (project) to send one to the Nationals. It is for this effort that we solicit your support. At the Nationals our best students get the opportunity to network with the best and brightest from across Canada. It is from here that careers in Science, Technology, Engineering and Mathematics (STEM) are created.

We thank you for your generous past support. Please give generously. Send cheques to Chignecto Central Science Fair at the above address. Thank you.

Sincerely David K Parker,

Fund Raising Chair,

Chignecto Central Science Fair Committee
