

February 28, 2025

Chignecto Central Science Fair Committee  
3896 White Hill Rd  
Hopewell, NS  
B0K 1C0

Dear Mr. Parker,

East Hants Municipal Council reviewed your letter of request for funding at their February 26, 2025 Council meeting.

While Council is supportive of the Science Fair program, there isn't a municipal grant program that would suit this request. East Hants does, however, have a funding program that would support East Hants students should they qualify for National Science Fair.

Your committee could share this information with potential candidates from East Hants schools, and those seeking support to travel can reach out through our Community Development Coordinator, Jo Swinemer, at [jswinemer@easthants.ca](mailto:jswinemer@easthants.ca).

The Municipality wishes you the best in your 2025 event.

Kind Regards,

Alana Tapper  
Director of Parks, Recreation & Culture
